A. General Information

1. Institution:

2. Date of Proposal Submission:

3. Institutional Contact Person:
   Telephone:
   Fax:
   E-mail:

4. Program Identification--
   Title:
   Degree:
   CIP Code:

5. Proposed Program Implementation Date:

6. Program Administration--
   College or School:
   Dean:
   Department:
   Chairperson:

B. Program Objectives and Content

1. List the objectives of the program as precisely as possible. The objectives should address specific needs the program will meet (institutional and societal) and the expected student learning outcomes and achievements. This is an extremely important part of the proposal. The objectives should lend themselves to subsequent review and assessment of program accomplishments.

2. How will this program be related to other programs at your institution?

3. Please identify any existing program, option, concentration or track that this program will replace.

4. Is it likely that this program will reduce enrollments in other programs at your institution? If so, please explain.
5. List new courses that will be added to your curriculum specifically for this program. Indicate number, title and credit hour value for each course.

6. Program Completion Requirements
   Credit hours required in major:
   Credit hours required in minor (if applicable):
   Credit hours in institutional general education or core curriculum:
   Credit hours in required or free electives:
   Total credit hours required for completion:

   Describe any additional requirements such as comprehensive examination, senior thesis or other capstone experience, practicum or internship, some of which may carry credit hours included in the list above.

   Please attach a typical four-year curriculum by semester to this proposal as Appendix A.

7. Accreditation

   If there is a recognized (USDE or CHEA) specialized accreditation agency for this program, please identify the agency and explain why you do or do not plan to seek accreditation.

C. Program Admissions Requirements, Enrollment Projections and Completion Projections

1. Describe briefly the criteria and screening process that will be used to select students for the program.

2. Please describe your methodology for determining enrollment projections. If a survey of student interest was conducted, please attach a copy of the survey instrument with a summary of results as Appendix B.
3. Provide a realistic estimate of enrollment at the time of program implementation and over a five-year period based on the availability of students meeting the criteria stated above.

D. Program Need Justification

1. Will the program satisfy a clearly documented need (institutional and societal) in an effective and efficient manner? If the program duplicates or closely resembles another program already offered in the State, can this duplication be justified? What characteristics of the identified need require that it be met by a new program rather than an existing program? (Note: In explaining how the proposed program meets this criterion, an institution may refer to the criterion on collaboration and develop a response that addresses both criteria simultaneously). For purposes of this criterion, duplication is defined as the same or similar six-digit CIP code and award level in the Commission's academic program inventory. Institutions should consult with the Commission staff during the NISP phase of proposal development to determine what existing programs are considered duplicative of the proposed program.

2. Based on your research on the employment market for graduates of this program, please indicate the total projected job openings (including both growth and replacement demands) in your local area, the state, the SREB region, and the nation. These job openings should represent positions that require graduation from a program such as the one proposed.

</tr>
</tbody>
</table>

3. Please give a brief description of the methodology used to determine the projected job openings. If a survey of employment needs was used, please attach a copy of the survey instrument with a summary of results as Appendix C.

4. If the program is primarily intended to meet needs other than employment needs, please present a brief rationale.

5. If similar programs are available at other institutions in the state, will any type of program collaboration be utilized? Why or why not? What specific efforts have been made to collaborate with institutions to meet the need for this program? Address qualitative, cost, and access considerations of any collaboration that was considered.

6. Will any type of distance education technology be utilized in the delivery of the program on your main campus or to remote sites? If not, why? Address the quality, access and cost considerations of using distance technology in the program.

E. Program Resource Requirements

1. Number of currently employed qualified faculty who will teach in the program:

   Primary Faculty--
   - Full-time:
   - Part-time:

   Support Faculty--
   - Full-time:
   - Part-time:

Please attach a synopsis of the qualifications (degrees, experience, etc.) of each existing faculty member to this proposal as Appendix D. Do not attach entire curriculum vitae. This should be no more than one paragraph per faculty.
2. Number of additional qualified faculty who will be employed to teach in the program during the first five years:

   Primary Faculty--
   Full-time:
   Part-time:

   Support Faculty--
   Full-time:
   Part-time:

3. Briefly describe the qualifications of new faculty to be hired.

4. Briefly describe available and additional support staff that will be provided for the program.

5. Describe any special equipment that is necessary for this program, indicating what is currently available and what would be added, including the cost of any additional equipment.

6. Describe facilities required for the program, indicating what is currently available and any necessary renovations or additional facilities that would be added. Provide a cost estimate for any renovations or additions.

7. Using the Collection Assessment Manual of the Network of Alabama Academic Libraries (NAAL), provide an indication of the current status of the library collections supporting the proposed program. Please describe how any deficiencies will be remedied, including the cost of such remedies.

F. Costs and Financial Support of the Program
Provide a realistic estimate of the costs of the program. This should only include the additional costs that will be incurred, not current costs. All sources and amounts of funds for program support should be indicated.

G. Institutional Program Evaluation and Approval Process

H. Please describe the process used by your institution in its internal evaluation and approval of this program

H. Program Review and Assessment

Approval of this program will be on the basis of certain program outcomes agreed upon by the institution and the Commission. The outcomes will be based on the stated objectives of the program and enrollment and productivity projections. In the final analysis, the institution and its governing board are accountable for the quality, utility and productivity of this and all other programs of instruction. With this in mind, please describe the procedures that will be used in assessing program outcomes. Among other things, include an assessment process for student learning outcomes and a follow-up plan to determine accomplishments of graduates such as obtaining relevant employment or being admitted to graduate or professional programs.
