Power outage -- a pop off steam valve discharged steam into the fire alarm panels and caused them to burn up -- they have no fire alarm at the complex.

WATER DAMAGE

SEWAGE BACKUP. QUESTIONABLE COVERAGE. SCHOOL IS OUT AND DIDN'T NOTICE UNTIL SOMEONE WENT IN BLDG.

LIGHTNING

LIGHTNING STRUCK & DAMAGED WORK ON ROOF. ESTIMATED REPAIRS = $7,375.00.

CONTRACTS

RISK MANAGEMENT GUIDELINES

PURPOSE AND USE OF THESE GUIDELINES

These Guidelines are intended to provide an overview of recommended Risk Management Practices that may be used by State agencies when negotiating and executing contracts. They are intended as a guide in identifying and protecting the State and its employees from the physical and financial risks that may arise out of the contract and its execution. These Guidelines do not address the contractual issues relating to the nature of the work nor other technical issues not directly related to the exposure to liability and property loss.

Included in the Guidelines are recommended practices in these areas:

- Minimizing tort liability
- Hold Harmless agreements
- Insurance and bonding requirements
- Insurance certification and security
- Recordkeeping
- Consulting Services of Division of Risk Management (DORM)

Some State agencies have operations of such a nature that these Guidelines should be supplemented with additional legal and professional Risk Management attention. In such instances, DORM will assist by coordinating State resources to more fully address the need. Any State agency which encounters specific instances that require these additional services should contact DORM.

WHO TO CONTACT FOR ASSISTANCE

Should you wish assistance, contact the Division of Risk Management at 334-223-6120. If time permits, direct written questions and background material to:

Department of Finance
Division of Risk Management
777 South Lawrence Street
Montgomery, AL 36130-3250

Fax: 334-223-6154

To expedite inquiries, call any one of the following:

Jerry Carpenter: 334-223-6163
Dan Burgess: 334-223-6172
Ben Spillers, Risk Mgr: 334-223-6130

4/22/08
TORT LIABILITY

A tort is a civil wrong (as opposed to a criminal wrong). Tort liability arises when one causes injury or damage to another. Typically, liability is based on the negligence of the one responsible. The field of law dealing with torts is ever changing due to judicial interpretation, new theories of liability and the like. The trend is toward a greater expansion of liability under tort, with larger recoveries and more ways to seek those recoveries. Risk management techniques apply fundamental approaches to making tort liability a lesser part of the operating environment, thereby reducing financial risk.

**Major Exposure Areas:** Potential liability arises from injury to members of the public, damage to property, and injury to workers of either the contractor or the State. The operation of motor vehicles creates exposure to loss as well.

**State Immunity:** For the State of Alabama, this means the State cannot be sued in State Court for allegation of negligence by the State itself. This immunity is found in the Alabama Constitution and it is relied on by the State and by State officials acting in their official capacity.

State immunity does not protect State employees from legal actions for alleged negligence while performing their State jobs, and many suits are brought against employees in lieu of being brought directly against the State. State immunity may also possibly be circumvented by actions under Federal Statutes in Federal Courts or under Federal Administrative Rules.

State agencies should therefore always seek to minimize potential loss from liability that may result from the execution and performance of contracts.

**Liability Loss Reduction Techniques**

There is an array of techniques useful for minimizing exposure to liability. State agencies should be aware of them and utilize those that are appropriate in individual instances.

**Competence of Performance:** If the contractor hired is incompetent or reckless, a loss that results from the performance by that contractor may result in an action claiming negligence by the State agency in engaging the incompetent to do the work. Therefore, the hiring of a competent contractor is a risk reduction factor. Always evaluate the ability of the contractor, considering fundamentals such as capacity and capital to do the work, along with experience and past performance.

**Inherently Dangerous Work:** Some work is so inherently dangerous that any liability for loss arising from that work will not depend on negligence, but simply the fact that the loss occurred. The most instantly recognizable type of such work is blasting in populated areas. Liability for such work may be minimized by having others do it and by transferring the risk utilizing the insurance and hold harmless techniques later discussed.

**Transfer of Risk:** Risk of loss can normally be transferred to the contractor by a Hold Harmless Agreement and insurance provided by the contractor to protect the State and its employees. These are later discussed in detail.
THE CONTRACT

**Bid Specifications.** Be as specific as possible in describing the types of insurance required. This would include both liability and property coverages where applicable, as well as any surety requirements. Include the specific Hold Harmless/Indemnification agreement language that you will require. In case of construction contracts that fall under the supervision of the Alabama Building Commission (ABC) the applicable rules and procedures cover many of these items.

**Contract Content:** The contract should contain the hold harmless language and the specific insurance and surety requirements to which the parties agree. These requirements will include specific insurance terms and limits, notice to the State whenever insurance is reduced or terminated, certification of insurance, and standards for financial strength of the insurer or surety.

**Contract Creation and Review:** Before the contract is executed, the responsible contract officer should examine it for insurance and risk transfer implications.

**Insurance Requirements:** Assure that requirements of the State for Professional Liability, General Liability, Business Auto Liability and Workers’ Compensation are clearly stated and reasonable. Any Surety requirements should also be spelled out. Complex and onerous requirements may not be suitable for a simple non-hazardous services contract, but be entirely appropriate for a complex, potentially dangerous job. For example, use judgment when deciding whether the State should be named as an additional insured on the contractor’s policy. In certain instances this might be overkill.

Make it clear in the contract that evidence of insurance must be in the State’s hands prior to work commencing.

**Hold Harmless Agreement:** This agreement should be clearly stated and reasonable, and should provide protection to the State and others, as needed. Forms provided by vendors or other contractors should be examined carefully. When a Hold Harmless Agreement is used, the contract should state that the required insurance will cover insurable obligations of the agreement.

**Insurance Cost Pass Through:** In some instances, a provider may buy insurance and include its cost in the contract. For example, if the contract is a lease of premises agreement, be alert to obligations to pay for insurance on property being rented by the State. The owner should insure his own property, and normally there should be no direct pass through of such cost to the State.

**Requirement for the State to Provide Insurance:** Decline to agree to provide liability insurance to someone else, for example, the owner of equipment being leased. Similarly, decline to provide physical damage insurance, unless the trade-off is clearly favorable, i.e. the reduction in lease cost is greater than the cost of insurance the agency will have to purchase.
HOLD HARMLESS AGREEMENTS

Hold Harmless Agreements, also known as Indemnity Agreements, may be used to deal with a variety of contract situations. Specific contract situations may sometimes be best met by a Hold Harmless Agreement specifically designed for that type situation. Examples are:

- Construction Contracts
- Lease of Premises
- Purchase Order for services or products
- Equipment Lease

In addition to transferring risk from one party to another, a contractual Hold Harmless Agreement provides considerable value to both parties, in that the agreement can clearly define legal responsibility. This adds certainty to the transaction and can help the parties avoid extraordinary legal costs in sorting our responsibilities. Resolving responsibility for liability by the terms of a contract has distinct advantages over being forced to resolve such questions through the courts.

Category of Hold Harmless: The degree of hold harmless may generally be sorted into three categories. Keep in mind that in the following examples the indemnitor is the party contracting with the State, the indemnitee.

- **Broad.** Such an agreement would attempt to have the indemnitor (the contractor, for example) hold the indemnitee (the State) harmless for all tort liability arising from the contract, regardless of who was negligent. The terms would make the indemnitor responsible for liability for any injury or damage arising out of the contract, even if caused by the sole negligence of the indemnitee.

  Though Alabama courts have allowed this general approach to transfer of risk under specific circumstances, it has been found to be unenforceable in numerous jurisdictions as overreaching the bounds of good public policy.

- **Intermediate.** Such an agreement would address situations caused by the negligent actions of the indemnitor either solely or in concert with the concurrent negligence of the indemnitee. For example, if an action alleges negligent supervision by the State and negligent actions by the contractor, this type of Hold Harmless Agreement places responsibility on the indemnitor for all the resulting liability.

  Responsibility for injury or damage arising from the sole negligence of the State or its employees would not be transferred to the indemnitee by this level of agreement.

- **Limited.** This type of agreement seeks to make plain by contract that the indemnitor is fully responsible for the consequences of his own negligence. While seemingly redundant, this approach gives the indemnitee the advantages of contractual terms that evidence, in writing, the meeting of minds of the parties as respects liability. Invoking the rules of contract law might well clarify responsibilities and change their impact on the parties.
In examining Hold Harmless Agreements, focus on what level of responsibility for negligence is to be transferred by contract,

1. Sole Negligence (Broad). The State has transferred responsibility for all liability arising from the performance of the work which is the subject of the contract.

2. Joint/Concurrent Negligence (Intermediate). The State remains responsible for its sole negligence while any Joint and/or concurrent negligence that results in liability is transferred.

3. Limited. There is no transfer of liability from the State. However, the contract terms make the determination of responsibility more predictable and certain.

**Recommended Level of Risk Transfer:** The Division of Risk Management believes most significant State of Alabama contracting situations would call for an Intermediate level of Indemnity/Hold Harmless Agreement. Thus, the State and its employees would be responsible for the sole negligence of the State, and the contractor would be responsible for joint/concurrent negligence, along with his own sole negligence. If a Broad form of transfer is desired, much care in drafting the entire agreement is required.
INSURANCE

Contract language similar to the following should be included to create specific contractual responsibility to secure and maintain adequate insurance.

“The contractor agrees to secure and maintain insurance of the following kinds and amounts in addition to any bonds required under the terms of the contract specifications. All insurance shall be provided by insurers licensed in Alabama to provide the types of insurance required and insurers must be rated “A-” or better by the A.M. Best Company. Before beginning work, the contractor shall have on file with (your agency name) a valid Certificate of Insurance showing the types and limits of Insurance carried.”

Recommended Contractual Insurance Requirements

Applicable sections of these recommendations on insurance coverage and terms should be included both in the contract specifications and the contract. Require delivery of a Certificate of Insurance to validate that coverage is in force.

A. GENERAL LIABILITY INSURANCE

1. Policy Coverage. All liability insurance will be provided by the Insurance Services Office (ISO) Commercial General Liability Coverage form (current edition as of the effective date of the contract) on an “occurrence” basis, or an equivalent liability form that is at least as broad.

2. Limits Required.
   - General Aggregate: $2,000,000
   - Products-Completed Operations Aggregate: $2,000,000
   - Each Occurrence: $2,000,000
   - Aggregate Limits of Insurance per Project.
     The general aggregate limit shown above will be applied separately to each construction project away from the insured’s premises and the policy will be amended accordingly. (Utilize this provision for construction projects of significant size or duration.)

3. This insurance will apply to insurable obligations of the Hold Harmless Agreement and the Commercial General Liability policy will not be restricted in this respect.

4. Policy Endorsement. The policy will be amended as follows:
   “This policy expressly provides:
   (i) “Insured contracts” coverage applies to contracts of the Insured with the State of Alabama and (your agency name)
   (ii) In the event of cancellation or material reduction in coverage, thirty (30) days registered mail notice of such cancellation or material Reduction will be given to (your agency name).
(5) Additional Insured. *(Your agency name)* and their employees will be named as “additional insureds” on contractors’ General Liability policies. Coverage will be written on an ISO Occurrence Form or equivalent coverage.

B. AUTOMOBILE LIABILITY INSURANCE

(1) Policy Coverage. All auto liability insurance will be provided by the ISO Business Auto Coverage form or an equivalent automobile policy that is at least as broad.

(2) Autos covered. Any auto. Coverage will therefore apply to any automobile operated by or on behalf of the contractor.

(3) Limits required (either option).
   - Combined Single Limit $1,000,000
   - Split Limit BI Per Person $1,000,000
   - Per Accident $1,000,000
   - PD Per Accident $1,000,000

A. WORKERS’ COMPENSATION INSURANCE

(2) Limits. Alabama Statutory benefits.

B. PROFESSIONAL LIABILITY/ERRORS AND OMissions INSURANCE

Certain types of services are not appropriately insured by General Liability Insurance since the services are of a professional nature and are more likely to arise from a professional error than from a clear cut negligent act. Therefore, contracts dealing with professional services such as medical care, engineering design, and architectural design, are insured with a professional liability form. General Liability Insurance is unlikely to provide the proper insurance response.

Professional Liability coverages are typically highly specialized, with unique policy language that addresses the profession covered.

Key areas to address:

- Adequate limits. Use General Liability Limits as a guide.
- “Occurrence” or “claims-made” form. Review the glossary. A claims made form is normally suitable if continuous coverage is assured.
- Financial Security of the insurance company. Professional Liability/E&O Insurance may be provided by specialty insurers. Careful attention to the financial strength of the insurer is often warranted.
- Breadth of coverage assures the policy covers the professional activities being contracted for.
C. COMMERCIAL UMBRELLA/EXCESS COVERAGE

(1) Limits Required

- Combined Single Limits $15,000,000

(2) Coverage should apply as excess over the coverage provided by the Commercial General Liability and Business Auto Liability coverages.

(3) It may be desirable at times to obtain excess coverage for Professional Liability/E&O exposures as they are not generally covered by standard Umbrella/Excess policies. These coverages are more specialized and should be considered on a case by case basis.

(4) It is helpful, in determining the amount of liability coverage needed, to calculate the Maximum Probable Loss (MPL) that might arise out of the performance of the contract. For example: If renovations are being done on a building whose value, including contents, is $5 million, it is probably desirable that the contractor(s) have at least this much coverage in case of a loss which severely damages or totals the property.

D. OWNERS AND CONTRACTORS PROTECTIVE INSURANCE

This is coverage for an insured that hires an independent contractor or subcontractor to work on a construction project.

Since the insured is typically responsible for the safety of the jobsite, the insured can transfer that obligation to the contractor/subcontractor and require that they be named as an additional insured on the contractors/subcontractor’s General Liability policies. If the contractor/subcontractor loses their General Liability coverage or if their policy limits are exhausted by another loss, an Owners and Contractors Liability Policy could provide the additional protection needed.

An Owners and Contractors Protective Liability policy provides for payment on behalf of the insured of all damages the insured becomes legally obligated to pay due to bodily injury or property damage caused by an occurrence rising from the following:

(1) Operations performed for the named insured by independent contractors.

(2) Acts or omissions of the named insured in connection with its general supervision of such of such operations.

E. SURETY AND OTHER BONDS

Often with construction projects, a need exists to have a third party assure the performance or obligations of one party to another party. A Surety company could be the “third party” that provide these assurances in return for premium payments.
For example, in order to obtain a contract to build a project, the general contractor (and often the sub-contractors as well) must provide the owner a bond for its performance of the terms of the contract. Conversely, owners and contractors may also provide payment bonds to ensure that subcontractors and suppliers are paid for work done.

It is common for private and public entities, such as corporations, universities, and federal and state governments, to require surety bonds, in the form of performance bonds and other bonds, to manage the risk on construction projects. A performance bond is a three-party agreement consisting of the project owner, the contractor, and the surety company. This bond protects the project owner from financial loss should the contractor fail to perform the construction contract in accordance with its terms and conditions.

OTHER INSURANCE ISSUES

The above remarks address required liability and Workers’ Compensation insurance. Contracts may also give rise to property loss exposures. The parties need to have a meeting of minds as to which provides the insurance and on what terms. Examples would be:

**Builders Risk:** Course of construction coverage may be provided by either party. Cost factors for this coverage can vary substantially, as well as terms of coverage and how coverage coordinates with permanent insurance. Always contact the Division of Risk Management for guidance to assure cost is reasonable and there are no coverage gaps. It is desirable to have Builders Risk coverage in an amount equal to at least 100% of the contract sum.

**Leased Premises:** The parties may mutually agree whether lessee or lessor will insure premises. If the lessor is to insure, and the cost is a direct pass through to the State agency, have DORM review the proposal for cost effectiveness. This will help avoid situations where the cost pass through is excessive.

**Equipment and Automotive Leases:** Whenever the parties agree the lessor is to provide physical damage insurance, have Dorm review the proposal for reasonableness. In most instances, an agency should not agree to insure the liability interest of the lessor.

**Waiver of Subrogation:** We do not recommend that you waive subrogation rights as to damages which might be caused by the contractor, lessor, etc. Should you waive this right of recovery you could jeopardize any property coverage you may have with the State Insurance Fund.

**ADDITIONAL INSURED**

In many cases it is appropriate for the contracting party to extend insurance coverage to apply on behalf of State agencies. In construction contracts it is usual and customary that the State and its employees have extended to them the liability protection for both general liability and automobile liability. The cost is usually nominal or nothing. However, care must be taken to assure significant pass through costs are not generated and built into the contract.
The rationale for this approach is that the contractor normally has full control of the job site and little additional exposure to his insurer is created by the additional insured approach. See Appendix Page 1 for appropriate terminology to add to the model Certificate of Insurance.

Purchase order agreements also lend themselves to the additional insured treatment. The contractor has control of the goods and services and little additional exposure is created by covering the State agency.

**SUMMARY**

- Be alert and aware of potential liability to the Agency and/or its employees and provide contractually for an appropriate level of protection by the contractor. Concurrently, avoid overly rigorous requirements not in keeping with the exposure arising from the work.

- Assure all contract terms that relate to risk transfer or liability or property insurance requirements are complete and clearly stated. Assure the contractor carries reasonably complete insurance.

- Utilize risk transfer techniques where appropriate:
  - Require Hold Harmless Agreements
  - Have contractor’s liability policy cover the agency and employees as additional insured.

- Utilize Certificate of Insurance to validate insurance coverage is in place.

- Utilize the Division of Risk Management as advisor to assure your objectives are met. Call 223-6120.
CERTIFICATE OF INSURANCE

Included is a model Certificate of Insurance that may be adapted to the use of any specific agency. Follow these guidelines:

1. Assure all blanks in the form that apply are fully completed. Be sure to insert your agency name and address at the top following “State of Alabama” and that the bottom following “given to”.

2. Maintain a diary if the contract extends beyond the insurance policy period and secure a renewal certificate.

3. Assure the “Description of Operations” is specified. Reference to the contract number will help.

4. Consult DORM if the financial security of the Insurance Company is in question.

5. Maintain the Certificate of Insurance at least 10 years. If the subject of the work is long lived, maintain the Certificate indefinitely.

Additional Insured.

To activate on the certificate your requirement to be named as an additional insured under the contractor’s policy this or similar language should be added: “As respects General Liability Insurance, the State of Alabama, (your agency name), and their employees are named as additional insureds.”
APPENDIX

MODEL CONSTRUCTION CONTRACT HOLD HARMLESS AGREEMENT

This agreement is intermediate, i.e. all liability is transferred to the contractor except that arising out of the sole negligence of the State or State employees. Responsibility for negligence that is joint and concurrent by the State, its employees, and the contractor is assumed by the contractor.

The precepts sample in this agreement may be utilized to construct hold harmless agreements that are applicable to other types of contracts.

Indemnification/Hold Harmless Agreement

To the fullest extent permitted by law, the Contractor shall defend, indemnify, and hold harmless the Owner, Architect, Architect's consultants, Alabama Building Commission, State Department of (your entity), and their agents, employees, and consultants (hereinafter collectively referred to as the “Indemnites”) from and against all claims, damages, losses and expenses, including but not limited to attorneys' fees, arising out of, related to, or resulting from performance of the Work, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property, including loss of use resulting therefrom, and is caused in whole or in part by negligent acts or omissions of the Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, regardless of whether such claim, damage, loss or expense is caused in part, or is alleged but not legally established to have been caused in whole or in part by the negligence or other fault of a party indemnified hereunder.

A. This indemnification shall extend to all claims, damages, losses and expenses for injury or damage to adjacent or neighboring property, or persons injured thereon, that arise out of, relate to, or result from performance of the Work.

B. This indemnification does not extend to the liability of the Architect, or the Architect's Consultants, agents, or employees, arising out of (1) the preparation or approval of maps, shop drawings, opinions, reports, surveys, field orders, Change Orders, drawings or specifications, or (2) the giving of or the failure to give directions or instructions, provided such giving or failure to give instructions is the primary cause of the injury or damage.

C. This indemnification does not apply to the extent of the sole negligence of the Indemnitees.
GLOSSARY

ADDITIONAL INSURED – A person other than the named insured who is protected under the terms of the contract. Usually, additional insureds are added by endorsement or referred to in the wording of the definition of “insured” in the policy itself.

AGGREGATE LIMIT – Usually refers to liability insurance and indicates the total limits that the insured has under the contract for a specific period of time, usually the contract period, no matter how many separate accidents may occur. For construction contractors this limit may be stated to apply to each job, thereby avoiding unintended erosion of limits.

BODILY INJURY LIABILITY – A legal liability that may arise as a result of the injury or death of another person.

CLAIMS-MADE COVERAGE – A policy written on this basis covers only those claims which are reported during the policy period. When the insured renews the claims made form, coverage for prior acts is provided back to the retroactive date (the effective date of the original claims made policy with the same insurer). This coverage approach is often used for professional liability insurance.

CERTIFICATE OF INSURANCE – A form which verifies that a policy has been written and states the coverage period.

COMBINED SINGLE LIMIT – A single limit of protection for both bodily injury and/or property damage, contrasted with split limits, where specific limits apply to bodily injury or property damage separately.

HOLD HARMLESS AGREEMENT – A contractual arrangement whereby one party assumes the liability inherent in a situation, thereby relieving the other party of responsibility. Also known as an Indemnity Agreement.

INSURANCE SERVICES OFFICE (ISO) – A statistical and forms organization. ISO policy forms are often considered the benchmark standard.

LIMITS OF LIABILITY – The maximum amount for which an insurer is liable as stated in the insurance policy.

OCCURRENCE COVERAGE – A provision which specifies that coverage applies to all injuries arising out of occurrences during the policy period regardless of when the claim is made.

ALL-RISK PROPERTY POLICY

STATE OF ALABAMA
DEPARTMENT OF FINANCE
DIVISION OF RISK MANAGEMENT
STATE INSURANCE FUND
MONTGOMERY 36130

INSURED’S NAME        POLICY NO:  501-0312
THE UNIVERSITY OF ALABAMA
ADDRESS          EFFECTIVE:  10/1/2008
PO BOX 870119
TUSCALOOSA AL 35487    EXPIRATION:  9/30/2009
PERIL(S): All Risk (with exclusions)    PREMIUM: (See Schedule Total)
LIMIT(S): (See Schedule Total)

Subject to the applicable policy endorsements as amended, revised, and adopted by the State Insurance Fund.

Mortgage Clause: Subject to the provisions of the mortgage clause attached hereto, loss, if any, on building items shall be payable to: N/A

__________________________
Ben M. Spillers
Risk Manager
State Insurance Fund

IN CONSIDERATION OF THE PROVISIONS AND STIPULATIONS HEREFIN ADDED HERETO AND of the premium specified above, the State Insurance Fund, for the term of year(s) specified above from inception date shown above at 12:01 AM (Standard Time) to expiration date shown above at 12:01 AM (Standard Time) at location of property involved, does insure the insured named above and legal representatives, to the extent of the actual cash value of the property at the time of loss. Settlement shall not exceed the amount which it would cost to repair or replace the property with material of like kind and quality within a reasonable time after such loss, to an amount not exceeding the lesser of the actual adjusted amount(s) of loss covered by this policy or 115% of the reported values for each scheduled building and its contents, all without allowance for any increased cost of repair or reconstruction by reason of any ordinance or law regulating construction or repair, and without compensation for loss resulting from interruption of business or manufacture, nor in any event for more than the interest of the insured. Assignment of this policy shall not be valid except with the permission of the State Insurance Fund. This policy is made and accepted subject to the foregoing provisions and stipulations and those hereinafter stated, which are hereby made a part of this policy, together with such other provisions, stipulations and agreements as may be added hereto, as provided in this policy.
Concealment, fraud. This entire policy shall be void if, whether before or after a loss, the insured has willfully concealed or misrepresented any material fact or circumstance concerning this insurance or the subject thereof, or the interest of the insured therein, or in case of any fraud or false swearing by the insured relating thereto.

Uninsurable and excepted property. This policy shall not cover accounts, bills, currency, deeds, evidence of debt, money or securities, land and water; nor, unless specifically named hereon in writing, bullion or manuscripts.

Perils not included. The State Insurance Fund (hereinafter referred as “SIF”) shall not be liable for loss by fire or other perils insured against in this policy caused, directly or indirectly, by: (a) enemy attack by armed forces, including action taken by military, naval or air forces in resisting an actual or an immediately impending enemy attack; (b) invasion; (c) insurrection; (d) rebellion; (e) revolution; (f) civil war; (g) usurped power; (h) order of any civil authority except acts of destruction at the time of and for the purpose of preventing the spread of fire, provided that such fire did not originate from any of the perils excluded by this policy; (i) neglect of the insured to use all reasonable means to save and preserve the property at and after a loss, or when the property is endangered by fire in neighboring premises; (j) nor shall the SIF be liable for loss by theft.

Other Insurance. Other insurance may be prohibited or the amount of insurance may be limited by endorsement attached hereto.

Other perils or subjects. Any other peril to be insured against or subject of insurance to be covered in this policy shall be by endorsement in writing hereon or added hereto.

Added provisions. The extent of the application of insurance under this policy and of the contribution to be made by the SIF in case of loss, and any other provision or agreement not inconsistent with the provisions of this policy, may be provided for in writing added hereto, but no provision may be waived except such as by the terms of this policy.

Waiver provisions. No permission affecting this insurance shall exist, or waiver of any provision be valid, unless granted herein or expressed in writing added hereto. No provision, stipulation or forfeiture shall be held to be waived by any requirement or proceeding on the part of the SIF relating to appraisal or to any examination provided for herein.

Mortgagee interests and obligations. If loss thereunder is made payable, in whole or in part, to a designated mortgagee not named herein as the insured, such interest in this policy may be canceled by giving to such mortgagee a ten days' written notice of cancellation. If the insured fails to render proof of loss such mortgagee, upon notice, shall render proof of loss in the form herein specified within sixty (60) days thereafter and shall be subject to the provisions hereof relating to appraisal and time of payment and of bringing suit. If the SIF shall claim that no liability existed as to the mortgagor or owner, it shall, to the extent of payment of loss to the mortgagor, be subrogated to all the mortgagee's rights of recovery, but without impairing mortgagee's right to sue; or it may pay off the mortgage debt and require an assignment thereof and of the mortgage. Other provisions relating to the interests and obligations of such mortgagee may be added hereto by agreement in writing.

Pro rata liability. The SIF shall not be liable for a greater proportion of any loss than the amount hereby insured shall bear to the whole insurance covering the property against the peril involved, whether collectible or not.

Requirements in case loss occurs. The insured shall give immediate written notice to the SIF of any loss, protect the property from further damage, forthwith separate the damaged and undamaged personal property, put it in the best possible order, furnish a complete inventory of
the destroyed, damaged and undamaged property, showing in detail quantities, costs, actual cash value and amount of loss claimed; and within sixty days after the loss, unless such time is extended in writing by the SIF, the insured shall render to the SIF a proof of loss, signed and sworn to by the insured, stating the knowledge and belief of the insured as to the following: the time and origin of the loss, the interest of the insured and of all others in the property, the actual cash value of each item thereof and the amount of loss thereon, all encumbrances thereon, all other contracts of insurance, whether valid or not, covering any of said property, any changes in the title, use, occupation, location, possession or exposures of said property since the issuing of this policy, by whom and for what purpose any building herein described and the several parts thereof were occupied at the time of loss and whether or not it then stood on leased ground, and shall furnish a copy of all the descriptions and schedules in all policies and, if required, verified plans and specifications of any building, fixtures or machinery destroyed or damaged. The insured, as often as may be reasonably required, shall exhibit to any person designated by the SIF all that remains of any property herein described, and submit to examinations under oath by any person named by the SIF, and subscribe the same; and, as often as may be reasonably required, shall produce for examination all books of account, bills, invoices and other vouchers, or certified copies thereof if originals be lost, at such reasonable time and place as may be designated by the SIF or its representative, and shall permit extracts and copies thereof to be made. **Company’s options.** It shall be optional with the SIF to take all, or any part, of the property at the agreed or appraised value, and also to repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving notice of its intention to do so within thirty days after the receipt of the proof of loss herein required. **Abandonment.** There can be no abandonment to the SIF of any property. **When loss payable.** The amount of loss for which the SIF may be liable shall be payable sixty days after proof of loss, as herein provided, is received by the SIF and ascertainment of the loss is made either by agreement between the insured and the SIF expressed in writing or by the filing with the SIF of an award as herein provided. **Suit.** No suit or action on this policy for the recovery of any claim shall be sustainable in any court of law or equity unless all the requirements of this policy shall have been complied with, and unless commenced within twelve months next after inception of the loss. **Subrogation.** The SIF may require from the insured an assignment of all right of recovery against any party for loss to the extent that payment therefore is made by the SIF.

IN WITNESS WHEREOF, the SIF has executed and attested these presents; but this policy shall not be valid unless countersigned by the duly authorized Agent of the SIF at the agency hereinbefore mentioned.
SPECIAL BUILDING AND PERSONAL PROPERTY FORM

This form cancels and replaces any coverage on buildings and/or personal property provided under any other form made a part of this policy, but only with respect to buildings and/or personal property to which this form is shown to be applicable.

Insurance applies only to item(s) specifically described in this policy for which an amount of insurance is shown and, unless otherwise provided, all provisions and stipulations of this form and policy shall apply separately to each such item.

SECTION I - PROPERTY COVERED

When insurance under this policy covers “Building(s)” and/or “Personal Property”, such insurance shall cover in accordance with the following description of coverage.

Coverage A - Building(s) or structure(s) shall include attached additions and extensions; fixtures, machinery and equipment constituting a permanent part of and pertaining to the service of the building(s); materials and supplies intended for use in construction, alteration or repair of the building(s) or structure(s); personal property of the named insured used for the maintenance or service of the described building, including fire extinguishing apparatus, floor coverings and appliances for refrigerating, ventilating, cooking, dish washing and laundering (but not including other personal property in apartments or rooms furnished by the named insured as landlord); all while at the described premises.

Debris Removal: This policy covers expense incurred in the removal of debris of the property covered hereunder which may be occasioned by loss by a peril not otherwise excluded. The total amount recoverable under this policy for both loss to property and debris removal expense shall not exceed the amount of insurance applying to the described property.

Coverage B - Personal Property Of The Insured: Business personal property owned by the named insured and usual to the occupancy of the named insured, including the named insured’s interest in personal property owned by others to the extent of the value of labor, materials and charges furnished, performed or incurred by the named insured; all while (1) in or on the described building(s), or (2) in the open (including vehicles) on or within 100 feet of the described premises.

This coverage shall also include Tenant’s Improvements and Betterments when not otherwise specifically covered. Tenant’s Improvements and Betterments means the named insured’s use, interest in fixtures, alterations, installations or additions constituting a part of the building(s) occupied but not owned by the named insured and made or acquired at the expense of the named insured, exclusive of rent paid by the named insured, but which are not legally subject to removal by the named insured.
SECTION II - PROPERTY NOT COVERED

This policy does not cover:

A. The cost of excavations, grading or filling: foundations of buildings, machinery, boilers or engines which foundations are below the undersurface of the lowest basement floor, or where there is no basement, below the surface of the ground; pilings, piers, pipes, flues and drains which are underground, pilings which are below the low water mark; and all piers, docks, wharves, beach and diving platforms, and boardwalks at all locations in Mobile and Baldwin counties that are on or within 1,000 feet of the coast.

B. Property which is more specifically covered in whole or in part by this or any other contract of insurance, except for the amount of loss which is in excess of the amount due from such more specific insurance.

C. Property sold by the named insured under conditional sale, trust agreement, installment payment or other deferred payment plan, after delivery to customers.

D. Automobiles, trailers, semi-trailers or any self-propelled vehicles or machines that are licensed or eligible to be licensed for road use.

E. Accounts, bills, currency, deeds, evidences of debt, money and securities.

F. Standing timber, growing crops and lawns.

SECTION III - PROPERTY SUBJECT TO LIMITATIONS

The following property is subject to these additional limitations:

A. Plumbing, heating, air conditioning or other equipment or appliances (except fire protective systems) are not covered against loss caused by or resulting from freezing while the described buildings are vacant or unoccupied, unless the named insured shall have exercised due diligence with respect to maintaining heat in the buildings or unless such equipment and appliances have been drained and the water supply shut off during such vacancy or unoccupancy.

B. Steam boilers, steam pipes, steam turbines or steam engines are not covered against loss caused by any condition or occurrence within such boilers, pipes, turbines or engines (except direct loss resulting from the explosion of accumulated gases or unconsumed fuel within the firebox, or combustion chamber, of any fired vessel or within the flues or passages which conduct the gases of combustion there from).

C. Hot water boilers or other equipment for heating water are not covered against loss caused by any condition or occurrence within such boilers or equipment, other than an explosion.
D. Fences, pavements, outdoor swimming pools and related equipment, retaining walls, bulkheads, piers, wharves or docks, when covered under this policy, are not covered against loss caused by freezing or thawing, impact of watercraft, or by the pressure or weight of ice or water whether driven by wind or not. Further, all piers, docks, wharves, beach and diving platforms, and boardwalks at all locations in Mobile and Baldwin counties that are on or within 1,000 feet of the coast are totally excluded from all loss.

E. Metal smokestacks and, when outside of buildings (1) awnings of fabric or slat construction, canopies of fabric or slat construction including their supports, and (2) radio or television antennas, including their lead-in wiring, masts or towers are not covered against loss caused by ice, snow, sleet, windstorm or hail.

F. The interior of buildings is not covered against loss caused by rain, snow, sand or dust, whether driven by wind or not, unless (1) the buildings shall first sustain an actual damage to roof or walls by the direct action of wind or hail, and then the State Insurance Fund (hereinafter referred to as “SIF”) shall be liable for loss to the interior of the buildings as may be caused by rain, snow, sand or dust which enter the buildings through openings in the roof or walls made by direct action of wind or hail; or (2) such loss results from fire, lightning, aircraft, vehicles, explosion, riot, civil commotion, vandalism, malicious mischief, weight of ice, snow or sleet to the extent that such perils are insured against in this policy.

G. Buildings or structures in process of construction, including materials and supplies therefore, when covered under this policy, are not covered against loss unless caused by fire, lightning, windstorm, hail, aircraft, vehicles, smoke, explosion, riot, civil commotion, vandalism or malicious mischief, and then the SIF shall be liable only to the extent that such perils are insured against in this policy.

H. Property undergoing alterations, repairs, installations or servicing is not covered against loss if such loss is directly attributable to the operations or work being performed thereon, unless a peril not excluded by this policy ensues, and then the SIF shall be liable for only loss caused by such ensuing peril.

I. Except for loss caused by the “specified perils”:

1. Fur and fur garments are covered for not exceeding loss in the aggregate of $1,000 in any one occurrence for all contributing insurance.

2. Jewelry and watches, watch movements, jewels, pearls, precious and semi-precious stones, bullion, gold, silver, platinum and other precious alloys or metals are covered for not exceeding loss in the aggregate of $1,000 in any one occurrence for all contributing insurance. This limitation shall not apply to jewelry and watches valued at $25 or less per item.

3. Patterns, dies, molds, models and forms are covered for not exceeding loss in the aggregate of $1,000 in any one occurrence for all contributing insurance.

4. Stamps, tickets, and letters of credit are covered for not exceeding loss in the aggregate of $250 in any one occurrence for all contributing insurance.
J. Valuable papers and records meaning books of account, manuscripts, abstracts, drawings, card index systems and other records including film, tape, disc, drum, cell and other magnetic recording or storage media for electronic data processing, are covered only against loss caused by the “specified perils”.

K. Animals and pets are not covered, except when held for sale or sold but not delivered, and then only against death or destruction directly resulting from or made necessary by the “specified perils”.

L. Glass, glassware, statuary, marbles, bric-a-brac, porcelains and other articles of a fragile or brittle nature are covered against loss by breakage only if directly caused by the “specified perils”. This limitation shall not apply to bottles or similar containers of property for sale, or sold but not delivered, nor to lenses of photographic or scientific instruments.

M. Steam boilers, steam pipes, steam turbines and steam engines are not covered against loss caused by bursting, rupture, cracking or explosion originating therein (other than explosion of accumulated gases or unconsumed fuel within a firebox or combustion chamber.)

N. Machines and machinery are not covered against loss caused by rupture, bursting or disintegration of their rotating or moving parts resulting from centrifugal or reciprocating force.

O. Personal property damaged as a result of exterior damage to the building is covered only against loss caused by the “specified perils”.

The term “specified perils” shall mean direct loss by fire, lightning, aircraft, explosion, riot, civil commotion, smoke, vehicles, windstorm or hail to property contained in any building, vandalism, malicious mischief and leakage or accidental discharge from automatic fire protective systems.

SECTION IV - EXTENSIONS OF COVERAGE

The total amount recoverable under the Extensions of Coverage in this form and Extensions of Coverage in any other form made a part of this policy are not cumulative and shall not exceed the largest amount recoverable under any single form made a part of this policy;

When, in accordance with the Other Insurance condition, there is Contributing Insurance, the SIF shall not be liable for more than it’s pro rata share of the limits set forth in the following Extensions of Coverage.

A. Newly Acquired Property: Any new structure will be automatically covered until the next renewal date. Should a loss occur, loss will be adjusted less the premium from date of occupancy. The next Certification must bring the new properties on to the schedule. This extension of coverage does not preclude the SIF’s normal procedure for reporting new properties.

1. New buildings and new structures being constructed on the described premises and intended for similar occupancy when not otherwise covered by insurance.
2. Buildings acquired by the named insured at any location, elsewhere than at the described premises, within or between the fifty states of the United States of America, the District of Columbia and Puerto Rico and used for similar occupancies or warehouse purposes.

3. Additional premium shall be due and payable for values so reported from the date construction begins or the property is acquired.

4. The named insured may apply up to 10% of the amount of insurance specified for Personal Property of the insured but not exceeding $10,000, to cover direct loss in any one occurrence by a peril not otherwise excluded to such property at any location (except fairs and exhibitions) acquired by the named insured for similar occupancies or warehousing purposes, elsewhere than at the described premises within or between the fifty states of the United States of America, the District of Columbia and Puerto Rico. This coverage shall cease 30 days from the date of such acquisition or on the date values at such locations are reported to the SIF, or on the expiration date of the policy, whichever occurs first. Additional premium shall be due and payable for values so reported from the date the property is acquired.

B. Off Premises:

The named insured may apply up to 2% of the amount of insurance specified for Building(s) and/or Personal Property therein, but not exceeding $5,000, situated at a described location, to cover direct loss in any one occurrence by a peril not otherwise excluded to Building(s) and/or Personal Property covered, while removed from the described premises for purposes of cleaning, repairing, reconstruction or restoration. This Extension of Coverage shall not apply to loss by theft, to property in transit, or to property on any premises owned, leased, operated or controlled by the named insured.

C. Valuable Papers and Records:

The named insured may apply up to $500 per occurrence per location to cover direct loss in any one occurrence by a peril not otherwise excluded to valuable papers and records consisting of books of account, manuscripts, abstracts, drawings, card index systems, film, tape, disc, drum, cell and other magnetic recording or storage media for electronic data processing, and other records, all the property of the named insured at the described premises. This Extension of Coverage covers only the cost of research and other expense necessarily incurred by the named insured to reproduce, replace or restore such valuable papers and records. The total amount payable in any one occurrence under this Extension of Coverage shall not exceed the limit specified above, regardless of the number of described locations.

D. Extra Expense:

The named insured may apply up to $1,000 per occurrence per location to cover the necessary extra expense incurred by the named insured in order to continue as nearly as practicable the normal operations of the named insured's business immediately following damage by a peril not otherwise excluded under this form to the buildings or personal property situated at the described premises.

“Extra Expense” means the excess of the total cost incurred during the period of restoration chargeable to the operations of the named insured's business over and above the total cost that would normally have been incurred to conduct the business during the same period had no loss occurred. Any salvage value of property obtained for temporary use during the period of restoration, which remains after the resumption of normal operations, shall be taken into consideration in the adjustment of any loss hereunder.
“Period of restoration” means that period of time, commencing with the date of damage and not limited by the date of expiration of this policy, as would be required with the exercise of due diligence and dispatch to repair, rebuild, or replace such part of said buildings or personal property as have been damaged.

The SIF shall not be liable under this Extension of Coverage for:

1. Loss of income;
2. The cost of repairing or replacing any of the described property, or the cost of research or other expense necessary to replace or restore books of account, manuscripts, abstracts, drawings, card index systems, film, tape, disc, drum, cell and other magnetic recording or storage media for electronic data processing, and other records that have been damaged by a peril not otherwise excluded, except cost in excess of the normal cost of such repair, replacement or restoration necessarily incurred for the purpose of reducing the total amount of extra expense. In no event shall such excess exceed the amount by which the total extra expense otherwise payable under this Extension of coverage is reduced; or
3. Any other consequential or remote loss.

E. Damage to Buildings from Theft, Burglary or Robbery: This policy includes loss (except by fire or explosion) to that part of the building occupied by the named insured and containing property covered, and to equipment therein pertaining to the service of the building but not building property or equipment removed from premises, directly resulting from theft, burglary or robbery (including attempt thereat), provided the named insured is the owner of such building or equipment or is liable for such damage, but in no event shall this coverage apply to glass (other than glass building blocks) or to any lettering or ornamentation thereon.

F. Transportation: The named insured may apply up to $1,000 to cover insured personal property (other than property in the care, custody or control of salesmen) during transportation by motor vehicles owned, leased or operated by the named insured for loss in any one occurrence caused by:

1. Fire, lightning, windstorm, hail, explosion, smoke, riot, riot attending a strike, civil commotion, vandalism or malicious mischief; or
2. Collision, overturning or upset of the vehicle; meaning thereby the violent and accidental contact of the vehicle conveying the property described herein with any other vehicle or object excluding any loss or damage done by coming in contact with any portion of the road bed or by means other than as expressly indicated; or
3. Theft of an entire shipping bale, case or package from a vehicle while such property is contained in a fully enclosed and securely locked body or compartment and theft results from forcible entry, evidenced by visible marks upon such body or compartment.

This Extension of Coverage covers the above described property while in transit within or between the fifty states of the United States of America, the District of Columbia and Puerto Rico.

SECTION V - PERILS INSURED AGAINST
This policy insures against all risks of direct physical loss subject to the provisions and stipulations herein and in the policy of which this form is made a part.

SECTION VI – EXCLUSIONS

A. This policy does not insure under this form against loss caused by:

1. Enforcement of any ordinance or law regulating the use, construction, repair, or demolition of property, including debris removal expense;

2. Unexplained or mysterious disappearance of property, or shortage of property disclosed on taking inventory, or caused by any willful or dishonest act or omission of the named insured or any associate, employee or agent of any insured; or

3. Actual work upon, installation or testing of property covered; failure, breakdown or derangement of machines or machinery, mechanical breakdown, including rupture or bursting caused by centrifugal force; error, omission or deficiency in design, specifications, workmanship or materials; unless loss by fire or explosion not otherwise excluded ensues and then the SIF shall be liable for only such ensuing loss;

4. Any electrical injury or disturbance to electrical appliances, devices, fixtures or wiring caused by electrical currents artificially generated unless fire as insured against ensues, and then the SIF shall be liable for only loss caused by the ensuing fire;

5. Leakage or overflow from plumbing, heating, air conditioning or other equipment or appliances (except fire protective systems) caused by or resulting from freezing while the described building is vacant or unoccupied, unless the named insured shall have exercised due diligence with respect to maintaining heat in the buildings or unless such equipment and appliances had been drained and the water supply shut off during such vacancy or unoccupancy;

6. Delay, loss of market, interruption of business, or consequential loss of any nature;

7. (a) wear and tear, marring or scratching;
(b) deterioration, inherent vice, latent defect;
(c) rust, mold, wet or dry rot, contamination;
(d) dampness or dryness of atmosphere, changes in or extremes of temperature;
(e) smog, smoke from agricultural smudging or industrial operations;
(f) birds, vermin, rodents, insects or animals;

unless loss by fire, smoke (other than smoke from agricultural smudging or industrial operations), explosion, collapse of a building, glass breakage or water not otherwise excluded ensues, then this policy shall cover only such ensuing loss.

If loss by water not otherwise excluded ensues, this policy shall also cover the cost of tearing out and replacing of an part of the building covered required to effect repairs to the plumbing,
heating or air conditioning system or domestic appliance but excluding loss to the system or appliance from which the water escapes;

8. Explosion of steam boilers, steam pipes, steam turbines or steam engines (except direct loss resulting from the explosion of accumulated gases or unconsumed fuel within the firebox, or combustion chamber, of any fired vessel or within the flues or passages which conduct the gases of combustion therefrom) if owned by, leased by or operated under the control of the named insured or for any ensuing loss except by fire or explosion not otherwise excluded, and then the SIF shall be liable for only such ensuing loss;

9. Voluntary parting with title or possession of any property by the named insured or others to whom the property may be entrusted if induced to do so by any fraudulent scheme, trick, device or false pretense;

10. Any fraudulent, dishonest or criminal act done by or at the instigation of any insured, partner or joint adventurer in or of an insured, an officer, director or trustee of any insured; pilferage, appropriation or concealment of any property covered due to any fraudulent, dishonest or criminal act of any employee while working or otherwise, or agent of any insured, or any person to whom the property covered may be entrusted;

11. Theft (including but not limited to burglary and robbery) of any property which at the time of loss is not installed or attached to or made part of a building or structure (except direct loss by pillage and looting occurring during and at the immediate place of a riot or civil commotion), unless loss by a peril not otherwise excluded in this policy ensues from theft or attempted theft, and then the SIF shall be liable only for such ensuing loss;

12. Vandalism, malicious mischief, theft or attempted theft, if the building had been vacant or unoccupied beyond a period of 30 consecutive days immediately preceding the loss, unless loss by a peril not otherwise excluded in this policy ensues, and then the SIF shall be liable for only ensuing loss;

13. Continuous or repeated seepage or leakage of water from within plumbing, heating or air conditioning system or from within a domestic appliance which occurs over a period of weeks, months, or years;

14. Rain, snow, or sleet to property in the open.

B. This policy does not insure under this form against loss caused directly or indirectly by the interruption of power or other utility service furnished to the described premises if the interruption takes place away from the described premises.

If a peril not otherwise excluded ensues on the described premises, the SIF will pay only for loss caused by the ensuing peril.

C. This policy does not insure under this form against loss caused by, resulting from, contributed to or aggravated by any of the following:

1. Earthmovement, including but not limited to earthquake, landslide, mudflow, earth sinking, earth rising or shifting;
2. Flood, surface water, waves, tidal water or tidal waves, overflow of streams or other bodies of water, or spray from any of the foregoing, all whether driven by wind or not;

3. Water which backs up through sewers or drains; or

4. Water below the surface of the ground including that which exerts pressure on or flows, seeps or leaks through sidewalks, driveways, foundations, walls, basement or other floors, or through doors, windows or any other openings in such sidewalks, driveways, foundations, walls or floors; unless fire or explosion as insured against ensues, and then the SIF shall be liable for only loss caused by the ensuing fire or explosion; but these exclusions shall not apply to loss arising from theft.

D. War Risk and Governmental Action Exclusions: This policy shall not apply to loss caused, directly or indirectly, by or due to any act or condition incident to the following:

1. Hostile or warlike action in time of peace or war, including action in hindering, combating or defending against an actual, impending or expected attack (a) by any government or sovereign power (de jure or de facto), or by any authority maintaining or using military, naval or air forces; or (b) by military, naval or air forces; or (c) by an agent of such government, power, authority or forces, it being understood that any discharge, explosion or use of any weapon of war employing nuclear fission or fusion shall be conclusively presumed to be such a hostile or warlike action by such a government, power, authority or forces;

2. Insurrection, rebellion, revolution, civil war, usurped power, or action taken by governmental authority in hindering, combating or defending against such an occurrence; seizure or destruction under quarantine or custom's regulations, confiscation by order of any government or public authority, or risks of contraband or illegal transportation or trade.

E. Nuclear Clause and Nuclear Exclusion:

1. Nuclear Clause: The word “fire” in this policy is not intended to and does not embrace nuclear reaction or nuclear radiation or radioactive contamination, all whether controlled or uncontrolled, and loss by nuclear reaction or nuclear radiation or radioactive contamination is not intended to be and is not insured against by this policy, whether such loss be direct or indirect, proximate or remote, or be in whole or in part caused by, contributed to, or aggravated by “fire” or any other perils insured against by this policy. However, subject to the foregoing and all provisions of this policy, direct loss by “fire” resulting from nuclear reaction or nuclear radiation or radioactive contamination is insured against by this policy.

2. Nuclear Exclusion: Loss by nuclear reaction or nuclear radiation or radioactive contamination, all whether controlled or uncontrolled, or due to any act or condition incident to any of the foregoing is not insured against by this policy, whether such loss be direct or indirect, proximate or remote, or be in whole or in part caused by, contributed to, or aggravated by any of the perils insured against by this policy; and nuclear reaction or nuclear radiation or radioactive contamination, all whether controlled or uncontrolled is not “explosion” or “smoke”. This clause
applies to all perils insured against hereunder except the peril of fire, which is otherwise provided for in the nuclear clause above.

F. Terrorism Exclusion:
We will not pay for loss or damage caused directly or indirectly by "terrorism", including action taken to prevent, defend against, respond to or retaliate against an actual or suspected incident of "terrorism".

“Terrorism” is any act involving the use or threat of: force, violence, dangerous conduct, interference with the operations of any business, government or other organization or institution, or any similar act,

When the effect or apparent purpose is:

(i) To influence or instill fear in any government (de jure or de facto) or the public, or any segment of either; or

(ii) To further or to express support for, or opposition to, any political, religious, social, ideological, or similar type of objective or position.

Any act which satisfies the definition of “Terrorism” as provided herein shall not be considered to be vandalism, malicious mischief, riot, civil commotion, or any other risk of physical loss or damage covered elsewhere in this policy.

SECTION VII – OTHER PROVISIONS

A. Other Insurance:

1. If at the time of loss there is other insurance written in the name of the insured upon the same plan, terms, conditions and provisions as contained in this policy, herein referred to as Contributing Insurance, the SIF shall be liable for no greater proportion of any loss than the amount of insurance under this policy bears to the whole amount of insurance covering such loss.

2. If at the time of loss there is other insurance other than that as described in A. above, the SIF shall not be liable for any loss hereunder until:

(a) the liability of such other insurance has been exhausted, and

(b) then for only such amount as may exceed the amount due from such other insurance, whether collectible or not.

B. Control of Property: This insurance shall not be prejudiced by any act or neglect of any person (other than the named insured), when such act or neglect is not within the control of the named insured.

C. Divisible Contract Clause: If this policy covers two or more buildings, the breach of any condition of the policy in any one or more of the buildings covered or containing the property covered shall not prejudice the right to recover for loss occurring in any building
covered or containing the property covered, where at the time of loss a breach of condition does not exist.

D. Inspection of Property and Operations: The SIF and any person or organization making inspections on the SIF’s behalf shall be permitted but not obligated to inspect the named insured’s property and operations at any time. Neither the right of the SIF and any person or organization to make such inspections nor the making thereof nor any report thereon shall constitute an undertaking, on behalf of or for the benefit of the named insured or others, to determine or warrant that such property or operations are safe or healthful, or are in compliance with any law, rule or regulation.

E. Liberalization: If, during the period that insurance is in force, under this policy, or within 45 days prior to the inception date thereof, on behalf of the SIF there be adopted or filed with and approved or accepted by the insurance supervisory authorities, all in conformity with law, any changes in the form attached to this policy by which this form of insurance could be extended or broadened without increased premium charge by endorsement or substitution of form, then such extended or broadened insurance shall inure to the benefit of the named insured hereunder as though such endorsement or substitution of form had been made.

F. Loss Clause: Any loss hereunder shall not reduce the amount of this policy.

G. Mortgage Clause: (Applies only when policy is made payable to a named mortgagee or trustee.)

Loss or damage, if any, under this policy, shall be payable to the mortgagee (or trustee), named on the first page of this policy, as interest may appear, under all present or future mortgages upon the property herein described in which the aforesaid may have an interest as mortgagee (or trustee) in order of precedence of said mortgages, and this insurance, as to the interest of the mortgagee (or trustee) only therein, shall not be invalidated by any act or neglect of the mortgagor or owner of the within described property, nor by any foreclosure or other proceedings or notice of sale relating to the property, nor by any change in the title or ownership of the property, nor by the occupation of the premises for purposes more hazardous than are permitted by this policy; provided, that in case the mortgagor or owner shall neglect to pay any premium due under this policy, the mortgagee (or trustee) shall, on demand, pay the same.

Provided, also, that the mortgagee (or trustee) shall notify the SIF of any change of ownership or occupancy or increase of hazard which shall come to the knowledge of said mortgagee (or trustee) and, unless permitted by this policy, it shall be noted thereon and the mortgagee (or trustee) shall, on demand, pay the premium for such increased hazard for the term of the use thereof; otherwise, this policy shall be null and void.

The SIF reserves the right to cancel this policy at any time as provided by its terms, but in such case this policy shall continue in force for the benefit only of the mortgagee (or trustee) for 10 days after notice to the mortgagee (or trustee) of such cancellation and shall then cease, and the SIF shall have the right, on like notice, to cancel this agreement.

Whenever the SIF shall pay the mortgagee (or trustee) any sum for loss under this policy and shall claim that, as to the mortgagor or owner, no liability therefore existed, the SIF shall, to the extent of such payment, be thereupon legally subrogated to all the rights of the party to whom
such payment shall be made, under all securities held as collateral to the mortgage debt, or may, at its option, pay to the mortgagee (or trustee) the whole principal due or to grow due on the mortgage with interest, and shall thereupon receive a full assignment and transfer of the mortgage and of all such other securities; but no subrogation shall impair the right of the mortgagee (or trustee) to recover the full amount of said mortgagee’s (or trustees) claim.

H. Permits and Use: Except as otherwise provided, permission is granted:

1. To make alterations and repairs;

2. In the event of loss hereunder, to make reasonable repairs, temporary or permanent, provided such repairs are confined solely to the protection of the property from further damage, and provided further that the named insured shall keep an accurate record of such repair expenditures. The cost of any such repairs directly attributable to damage by any peril not otherwise excluded shall be included in loss hereunder.

Nothing herein contained is intended to modify the policy requirements applicable in case loss occurs, and in particular the requirement that, in case loss occurs, the named insured shall protect the property from further damage.

I. Protective Safeguards: It is a condition of this insurance that the named insured shall maintain, so far as is within his control, such protective safeguards as are set forth by endorsement, if attached.

Failure to maintain such protective safeguards shall suspend this insurance, only as respects the location or situation affected, for the time of such discontinuance.

J. Subrogation:

1. In the event of any payment under this policy, the SIF shall be subrogated to all the named insured’s rights of recovery against any person or organization and the named insured shall execute and deliver instruments and papers and do whatever else is necessary to secure such rights. The named insured shall do nothing after loss to prejudice such rights.

2. The SIF shall not be bound to pay any loss if the named insured has impaired any right of recovery for loss; however, it is agreed that the named insured may:

   (a) as respects property in transit, accept such bills of lading, receipts or contracts of transportation as are ordinarily issued by carriers containing a limitation as to the value of such goods or merchandise.

K. No Benefit To Bailee: This insurance shall not inure directly or indirectly to the benefit of any carrier or other bailee.

L. Report To Police: When either a loss or occurrence takes place, the named insured shall give notice thereof to the proper police authority if loss or occurrence is due to a violation of law.
Endorsement #2

SPECIAL DEDUCTIBLE ENDORSEMENT

In consideration of the premium charged, it is understood and agreed that the occurrence deductible specified in endorsement #1, is changed to $10,000 per occurrence per scheduled line item, and applies to each covered loss.

For the peril of earthquake, a $10,000 deductible shall apply per scheduled line item.
INCLUSION OF SPECIFIED ITEMS

A. Animals while inside building are covered for the perils of fire, lightning, wind, hail, smoke, explosion, riot, riot attending a strike, civil commotion, aircraft, vehicles, vandalism or malicious mischief, if the building contents are scheduled.

B. Outdoor signs are covered if specifically scheduled or attached to a building.

C. Pools, fences, yard fixtures, playground equipment, lawn sprinklers, gazebos, covered picnic areas, piers, docks, wharves, beach or diving platforms are covered, if specifically scheduled (except for such property at locations in Mobile and Baldwin counties which are on or within 1,000 ft. of the coast).

D. Watercraft, including motors, farm equipment, tractors and any other equipment, not including passenger cars, are covered while located inside buildings where building contents are scheduled, unless insured elsewhere as a specifically scheduled item or specifically covered on another insurance policy.

E. Metal smokestacks and radio or TV antennas are covered if specifically scheduled, or attached to an insured building.

F. Subject to the restrictions applying to freezing and vandalism or malicious mischief, permission is granted for vacancy or unoccupancy of scheduled buildings with no time limitation on specifically scheduled items, provided the property is properly secured, dry and safe, and maintained to prevent damage.

G. This policy does not cover theft or attempted theft but does cover burglary damage to or from the building where there is forced entry evidence on the exterior of the building at the point of entry.

H. Canopies and walkway covers that are a permanent part of the structure of an insured building(s), unless otherwise excluded by this policy, are covered for an amount not exceeding loss in the aggregate of $1,000 per occurrence per scheduled building, unless insured elsewhere as a specifically scheduled item.

I. Transmission lines and related equipment, underground cables, utility poles, transmission and distribution service centers which include all utility services (water, gas, telephone, electrical, other) providing service to more than one building, structure, or other service centers must be specifically scheduled to be insured (above or below ground level from point of original source of service to the building or structure). Service to only one building is limited to 100 feet from a scheduled building or structure.
EXTERIOR GLASS

In consideration of the premium charged, exterior glass is covered only for the perils of fire, lightning, windstorm, hail, aircraft, vehicles, burglary, discharge from fire protection or building service equipment, explosion, riot or civil commotion.
BASIS OF LOSS SETTLEMENT

A. In consideration of the premium charged, all losses are to be adjusted on the basis of replacement cost less depreciation for age, usage, and/or betterment at the time of loss.

The most the SIF will pay for loss or damage to covered property, in any one occurrence, at any one location, will be the least of the following:

- The actual adjusted amount of loss covered by this policy, less applicable deductible(s)
- or
- 115% of the reported values for each scheduled building and its contents, covered by this policy, less applicable deductible(s)

Settlement shall not exceed the amount which it would cost to repair or replace the property with material of like kind and quality within a reasonable time after such loss. In the instance where more than one like structure is insured under a single item number, it is understood and agreed that the total amount of coverage for that item number is divided equally between the multiple like structures. There will be no allowance for any increased cost or repair or construction by reason of any ordinance or law regulating construction or repair. There will be no compensation for loss resulting from interruption of business or manufacture. In any event, settlement shall not exceed the interest of the insured or the scheduled amount of insurance per building.

B. All references to replacement costs are deleted.
SEEPAGE AND/OR POLLUTION AND/OR CONTAMINATION EXCLUSION;
DEBRIS REMOVAL AND COST OF CLEAN UP EXTENSION;
AUTHORITIES EXCLUSION

SEEPAGE AND/OR POLLUTION AND/OR CONTAMINATION EXCLUSION

Notwithstanding any provision in the Policy to which this Endorsement is attached, this Policy does not insure against loss, damage, costs or expenses in connection with any kind or description of seepage and/or pollution and/or contamination, direct or indirect, arising from any cause whatsoever. NEVERTHELESS, if fire is not excluded from this Policy and a fire arises directly or indirectly from seepage and/or pollution and/or contamination, any loss or damage insured under this Policy arising directly from that fire shall (subject to the terms, conditions and limitations of the Policy) be covered.

However, if the insured property is the subject of direct physical loss or damage for which Underwriters have paid or agreed to pay, then this Policy (subject to its terms, conditions and limitations) insures against direct physical loss or damage to the property insured hereunder caused by resulting seepage and/or pollution and/or contamination.

The insured shall give notice to the Underwriters of intent to claim NO LATER THAN 12 MONTHS AFTER THE DATE OF THE ORIGINAL PHYSICAL LOSS OR DAMAGE.

DEBRIS REMOVAL AND COST OF CLEAN UP EXTENSION

Notwithstanding the provisions of the preceding exclusion in this Endorsement or any provision respecting seepage and/or pollution and/or contamination, and/or debris removal and/or cost of clean up in the Policy to which this Endorsement is attached, in the event of direct physical loss or damage to the property insured hereunder, this Policy (subject otherwise to its terms, conditions and limitations, including but not limited to any applicable deductible) also insures, within the sum insured:

A. Expenses reasonably incurred in removal of debris of the property insured hereunder destroyed or damaged from the premises of the insured; and/or

B. Cost of clean up, at the premises of the insured, made necessary as a result of such direct physical loss or damage; PROVIDED that this Policy does not insure against the costs of decontamination or removal of water, soil or any other substance on or under such premises.

It is a condition precedent to recovery under this extension that Underwriters shall have paid or agreed to pay for direct physical loss or damage to the property insured hereunder unless such payment is precluded solely by the operation of any deductible and that the insured shall give notice to the Underwriters of intent to claim for cost of removal of debris or cost of clean up NO LATER THAN 12 MONTHS AFTER THE DATE OF SUCH PHYSICAL LOSS OR DAMAGE.
AUTHORITIES EXCLUSION

Notwithstanding any of the preceding provisions of this Endorsement, except in respect of certain specific coverage(s) provided elsewhere in the Policy to which this Endorsement is attached, this Policy does not insure against loss, damage, costs, expenses, fines or penalties incurred or sustained by or imposed on the Assured at the order of any Government Agency, Court or other Authority arising from any cause whatsoever.

Nothing in this Endorsement shall override any radioactive contamination exclusion clause in the Policy to which this Endorsement is attached.
EXTRA EXPENSE ENDORSEMENT

Effective Date: 10/1/2008

Attached to and forming a part of Policy #: 501-0312

Issued to: UNIVERSITY OF ALABAMA

Amount of Extra Expense Coverage: $241,898,907

In consideration of the additional premium charged, it is agreed that coverage is afforded for Extra Expense incurred (over and above normal operating expenses) as the result of a loss covered under the State Insurance Fund Policy. This Policy is hereby amended with respect to Extra Expense coverage:

Page 8, Section IV - Extensions of Coverage - Item D:
The amount of “$1,000” is changed to read “the amount of Extra Expense coverage purchased.”

LIMITS

The recovery periods and the percentages recoverable are shown below. The time element limitations may be waived upon agreement by both parties.

RECOVERY PERIOD
2 Years from Date of Loss

PERCENT RECOVERABLE
10 % of Insured Value

All other conditions of the Policy remain unchanged.

EQUIPMENT COVERAGE

Endorsement #9       DATE ISSUED: 10/1/2008

This endorsement is effective: 10/1/2008

It forms a part of policy number: 501-0312

Issued to: UNIVERSITY OF ALABAMA

DEDUCTIBLE

$ 5,000 As respects losses resulting from breakdown.

$ 5,000 As respects “loss” by a covered cause of loss resulting from corrosion, rust, dampness, or dryness of atmosphere, or extremes of temperature.

$ 5,000 As respects loss covered by theft, except burglary.

$ 1,000 As respects loss caused by burglary.

$ 1,000 As respects all other losses.
REPLACEMENT COST VALUE COVERAGE ENDORSEMENT

It is hereby agreed that replacement cost coverage of like kind and quality is afforded for all buildings and contents as listed on the Statement of Values on file with the State Insurance Fund. It is also hereby agreed that all buildings & structures and contents are to be insured at 100% of their replacement values and that these values must be agreed to by the State Insurance Fund and the insuring agency via a written Statement of Values. It is also agreed that any individual piece of machinery or equipment valued at $50,000 or greater shall be specifically listed on a separate schedule. These building and contents values will be automatically increased annually, at renewal date, by an appropriate valuation index utilized by the State Insurance Fund.

The most the SIF will pay for loss or damage for covered property, in any one occurrence, for any one building and its contents, will be the least of the following:

The actual adjusted amount of loss covered by this policy, less applicable deductible(s) OR
115% of the reported values for each scheduled building and its contents, covered by this policy, less applicable deductible(s)

Further, settlement will be the least of the following amounts:

1) the cost to repair the damaged property
2) the cost to replace the damaged property with property of comparable material, quality and use
3) the policy limit shown on the Statement of Values on file with the State Insurance Fund

Basis of Loss Settlement, Endorsement #6, is amended as follows:

We will pay Replacement Cost for destruction or damage when the damaged property is actually repaired or replaced. Repair or replacement of the damaged building, structure and contents must be completed within two (2) years of its date of loss. The destruction or damage will be adjusted on an actual cash value basis until repair or replacement is complete.

You will determine the value of the destroyed property at Replacement Cost at the time of loss or damage, except as provided below. Replacement Cost means the cost to replace with property of comparable material and quality and used for the same purpose, without deduction for depreciation.

The following are not subject to Replacement Cost valuation:

1) Manuscripts, works of art, antiques, or rare articles, including paintings, pictures, statuary, marbles, bronzes, porcelains, and bric-a-brac or any similar property of a fine arts nature.
2) Obsolete, vacant, and unoccupied property: Obsolete, vacant, and unoccupied property is property that has no functional or use value.

All other conditions of the Policy remain unchanged.
MAJOR EQUIPMENT COVERAGE ENDORSEMENT

Effective Date: 10/1/2008
Attached to and forming a part of Policy #: 501-0312
Issued to: UNIVERSITY OF ALABAMA

It is hereby agreed that replacement cost coverage of like kind and quality is afforded for all personal property as listed on the Statement of Values on file with the State Insurance Fund. However, any individual piece of machinery or equipment valued at $50,000 or greater shall be specifically listed on a separate schedule and subject to the following valuation provision(s):

The following VALUATION Loss Condition applies to the item(s) of personal property listed in the above Schedule:

1. If you contract for repair or replacement, of the loss or damage, to restore the item(s) of personal property shown in the above Schedule, for the same use, within 180 days of the loss or damage, unless we and you otherwise agree, we will pay the smallest of the following:

   a. The Limit of Insurance shown in the above Schedule as applicable to the lost or damaged item(s) of personal property;

   b. The cost to replace, on the same site, the lost or damaged item(s) of personal property with the most closely equivalent property available; or

   c. The amount you actually spend that is necessary to repair or replace the lost or damaged item(s) of personal property.

2. If you do not make a claim under paragraph 1, we will pay the smallest of the following:

   a. The Limit of Insurance shown in the above Schedule as applicable to the lost or damaged item(s) of personal property;

   b. The "market value" of the lost or damaged item(s) of personal property at the time of loss; or

   c. The amount it would cost to repair or replace that part of the item(s) of personal property that is lost or damaged with material of like kind and quality less allowance for physical deterioration and depreciation.

   d. The cost to replace unrepairable electrical or mechanical equipment, including computer equipment, with equipment that is the most functionally equivalent to that damaged or destroyed, even if such equipment has technological advantages and/or represents an improvement in function and/or forms part of a program of system enhancement.

The following DEFINITION is added:

"Market Value," as used in this endorsement, means the price which the property might be expected to realize if offered for sale in a fair market.
Enforcement #12

BUILDERS RISK ENDORSEMENT

Contents: $0

DEDUCTIBLE

$10,000 per occurrence

MORTGAGE CLAUSE; Subject to the provisions of the mortgage clause attached hereto, if any, on building items, shall be payable to:

SPECIAL CONDITIONS, IF ANY:
PART I

A. PERIL INSURED AGAINST

This policy is extended to insure against direct loss by Earthquake. If more than one Earthquake shock shall occur within any period of seventy-two hours during the term of this endorsement, such Earthquake shocks shall be deemed to be a single Earthquake. The SIF shall not be liable for any loss caused by any Earthquake shock occurring before the effective date and time of this endorsement nor occurring after the expiration date and time of this policy.

B. GENERAL EXCLUSIONS

1. Excess Clause: The SIF shall not be liable for loss by Earthquake to property which is more specifically covered in whole or in part by this or any other contract of insurance, except for the amount of loss which is in excess of the amount due from such more specific insurance after application of the Deductible Endorsement to the entire loss.

This Clause is not applicable (a) where less than 10% of the total exterior wall area is faced with masonry veneer, nor (b) when voided on the first page of this policy or by endorsement.

2. Perils Not Insured Against:

   (a.) The SIF shall not be liable by this Earthquake Extension Endorsement for loss caused by, resulting from, contributed to or aggravated by fire, explosion, flood, surface water, mudslide, mudflow, waves, tidal water or tidal wave, overflow of streams or other bodies of water, or spray from any of the foregoing, whether or not attributable to Earthquake.

   (b.) Nuclear Exclusion: Loss by nuclear reaction or nuclear radiation or radioactive contamination, all whether controlled or uncontrolled, or due to any act or condition incident to any of the foregoing, is not insured against by this endorsement, whether such loss be direct or indirect, proximate or remote, or be in whole or in part caused by, contributed to, or aggravated by Earthquake.

C. OTHER PROVISIONS

1. APPORTIONMENT OF LOSS CLAUSE: In the event of loss to any unit of insurance in excess of the Deductible amount, the SIF shall be liable for no greater proportion of such excess than (a) the proportion of liability of the SIF for loss under this Earthquake Extension Endorsement as determined by the Coinsurance Clause attached to this policy, or (b) for a greater proportion of such excess than the amount provided by this Earthquake Extension Endorsement shall bear to all Earthquake insurance, whether collectible or not.

2. This Earthquake Extension Endorsement does not increase the amount(s) of insurance provided in this policy.

3. PROVISIONS APPLICABLE ONLY WHEN THIS POLICY COVERS BUSINESS INTERRUPTION, TUITION FEES, EXTRA EXPENSE, ADDITIONAL LIVING EXPENSE, RENT OR RENTAL VALUE, LEASEHOLD INTEREST OR
OTHER CONSEQUENTIAL LOSS: The term “DIRECT,” as applied to loss, means loss, as limited and conditioned in this policy, resulting from direct loss to described property by Earthquake. If the business of the owner of tenant(s) of the described building(s) is interrupted by a strike at the described location, the SIF shall not be liable for any loss due to interference by any person(s) with rebuilding, repairing or replacing the property damaged or destroyed or with the resumption or continuation of business.

PART II - FOUNDATIONS AND EXCAVATIONS ENDORSEMENT When this policy covers Buildings, it shall also cover direct loss to the following items by the peril of Earthquake:

1. Cost of excavations, grading or filling;

2. Foundations of buildings, machinery, boilers or engines which foundations are below the undersurface of the lowest basement floor, or where there is no basement, below the surface of the around;

3. Pilings, piers, pipes, flues and drains which are underground;

4. Pilings which are below the low water mark.

PART III - ENDORSEMENT FOR LIMITED COVERAGE FOR PERIL OF EARTHQUAKE In consideration of the premium charged, it is hereby agreed that coverage is afforded due to loss from peril of earthquake, subject and limited to the following terms and conditions:

1. The maximum amount the State Insurance Fund and/or its Reinsurer(s) will be liable for in loss of peril due to earthquake in any one occurrence or in any one policy year is $100,000,000 (one hundred million dollars), subject to the provisions contained in paragraphs two and four of this endorsement.

2. In the event of an earthquake and resultant insured loss, all payable claims shall be paid in accordance with the terms and provisions of this policy if the total claims payable do not exceed one hundred million dollars and provided no previous claims during the same policy year had been paid due to a previous earthquake in the same policy year. If, however, the claims payable for loss due to an earthquake either exceed the maximum of $100,000,000 (one hundred million dollars) aggregate annual coverage or exceed whatever aggregate is remaining after a previous earthquake or previous earthquakes in the same policy year, then, in such event, the claims will be paid on a prorated basis.
PROTECTION AND PRESERVATION OF
PROPERTY COVERAGE ENDORSEMENT

Effective Date: 10/1/2008

Attached to and forming a part
of Policy #: 501-0312

Issued to: UNIVERSITY OF ALABAMA

In consideration of the premium charged, it is understood and agreed that in case of actual or imminent physical loss or damage of the type insured by this Policy, the expenses incurred by the Insured in taking reasonable and necessary actions for the temporary protection and preservation of Covered Property shall be added to the total physical loss or damage otherwise recoverable under the Policy, subject to the applicable amount of insurance for the subject location and Retention Amount(s).
ORDINANCE OR LAW COVERAGE

Effective Date: 10/1/2008
Attached to and forming a part of Policy #: 501-0312

Issued to: UNIVERSITY OF ALABAMA

SCHEDULE  All buildings insured under this policy which are insured subject to the Replacement Cost Value Coverage endorsement.

LIMITS OF INSURANCE

Loss Payable under each of coverages A, B, or C shall not exceed 10% of the loss otherwise payable under this policy before the application of this ordinance or law coverage.

A. COVERAGE

   In the event of insured loss to an insured building this insurance will pay for loss to the undamaged portion of the building caused by enforcement of any ordinance or law that:
   a. Requires the demolition of parts of the same property not damaged by an insured peril.
   b. Regulates the construction or repair of buildings, or establishes zoning or land use requirements at described premises; and
   c. Is in force at the time of loss.

2. Coverage B - Demolition Cost Coverage.

   In the event of insured loss to an insured building, this insurance will pay the cost to demolish and clear the site of undamaged parts of the property caused by enforcement of buildings, zoning or land use ordinance or law.

3. Coverage C - Increased Cost of Construction Coverage.

   In the event of insured loss to an insured building, this insurance will pay for the increased cost to repair, rebuild or construct the property caused by enforcement of building, zoning or land use ordinance or law.

   If the property is repaired or rebuilt, it must be intended for similar occupancy as the current property, unless otherwise required by zoning or land use ordinance or law.

   However, we will not pay for the increased cost of construction if the building is not repaired or replaced.

B. Pollutants Exclusion

   This insurance will not pay for the cost associated with the enforcement of any ordinance or law which requires any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize or in any way respond to, or assess the effects of “pollutants.”

C. Limitation - Coverage A

   Under Coverage A - Coverage for Loss to the Undamaged Portion of the Building:
If the property is repaired or replaced, this insurance will not pay more for loss or damage to insured property, including loss caused by enforcement of an ordinance or law, than the amount actually spent to repair, rebuild or reconstruct the building, nor for more than the amount it would cost to restore the building on the same premises and to the same height, floor area, style and comparable quality of the original property insured.

D. Limitation - Coverage B

This insurance will not pay more under Coverage B - Demolition Cost Coverage than the amount actually spent to demolish and clear the site of the described premises.

E. Limitation - Under Coverage C:

1. Under Coverage C – Increased Cost of Construction:
   a. Until the property is actually repaired or replaced, and
   b. Unless the repairs or replacement are made as soon as reasonably possible after the loss or damage, not to exceed two years.

2. If the ordinance or law requires relocation to another premises, the most this insurance will pay under Coverage C is the increased cost of construction at the new premises.

F. The terms of this endorsement apply separately to each building to which this coverage applies.
BUSINESS INCOME COVERAGE FOR
EDUCATIONAL INSTITUTIONS
(WITHOUT EXTRA EXPENSE)

Various provisions in this policy restrict coverage. Read the entire endorsement carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words “you” and “your” refer to the Named Insured shown in the Endorsement. The words “we,” “us” and “our” refer to the SIF (State Insurance Fund) providing this insurance. Other words and phrases that appear in quotation marks have special meaning. Refer to SECTION G - DEFINITIONS.

A. COVERAGE

Coverage is provided as described below for one or more of the following options for which a Limit of Insurance is shown on the Property Schedule:

(i) Business Income including “Rental Value.”

(ii) Business Income other than “Rental Value.”

(iii) “Rental Value.”

If option (i) above is selected, the term Business Income will include “Rental Value.” If option (iii) above is selected, the term Business Income will mean “Rental Value” only.

If Limits of Insurance are shown under more than one of the above options, the provisions of this Coverage Part apply separately to each.

We will pay for the actual loss of Business Income you sustain due to the necessary suspension of your “operations” during the “period of restoration.” The suspension must be caused by direct physical loss of or damage to property at the premises described on the Property Schedule, including personal property in the open (or in a vehicle) within 100 feet, caused by or resulting from any Covered Cause of Loss.

1. Business Income means the:
   a. Net Income (Net Profit or Loss before income taxes) that would have been earned or incurred; and
   b. continuing normal operating expenses incurred, including payroll.

2. Covered Causes of Loss See applicable Causes of Loss Form as shown on the Property Schedule.

3. Additional Coverages
   a. Expenses to Reduce Loss. We will pay any necessary expenses you incur, except the cost of extinguishing a fire, to reduce the amount of loss under this Coverage Form. We will pay for such expenses to the extent that they do not exceed the amount of loss that otherwise would have been payable under this Coverage Form.

   The Additional Condition, Coinsurance, does not apply to this Additional Coverage.

   b. Civil Authority. We will pay for the actual loss of Business Income you sustain caused by action of civil authority that prohibits access to the described premises due to direct physical loss of or damage to property, other than at the described

premises, caused by or resulting from any Covered Cause of Loss. This coverage will apply for a period of up to two consecutive weeks from the date of that action.

a. **Alterations and New Buildings.** We will pay for the actual loss of Business Income you sustain due to direct physical loss or damage at the described premises caused by or resulting from any Covered Cause of Loss to:

   (1) new buildings or structures, whether complete or under construction;
   (2) alterations or additions to existing buildings or structures; and
   (3) machinery, equipment, supplies or building materials located on or within 100 feet of the described premises and
      (a) used in the construction, alternations or additions; or
      (b) incidental to the occupancy of new buildings.

If such direct physical loss or damage delays the start of “operations,” the “period of restoration” will begin on the date “operations” would have begun if the direct physical loss or damage had not occurred.

b. **Extended Business Income.** We will pay for the actual loss of Business Income you incur during the period that:

   (1) begins on the date property (except “finished stock”) is actually repaired, rebuilt or replaced and “operations” are resumed; and
   (2) ends on the earlier of:
      (a) the date you could restore your “operations,” with reasonable speed, to the condition that would have existed if no direct physical loss or damage occurred; or
      (b) 30 consecutive days after the date determined in (1) above.

Loss of Business Income must be caused by direct physical loss or damage at the described premises caused by or resulting from any Covered Cause of Loss.

4. **Coverage Extension** If a Coinsurance percentage of 50% or more is shown on the Property Schedule, you may extend the insurance provided by this Coverage Part as follows:

**Newly Acquired Locations**

a. You may extend your Business Income Coverage to apply to property at any location you acquire other than fairs or exhibitions.

b. The most we will pay for loss under this Extension is 10% of the Limit of Insurance for Business Income shown on the Property Schedule, but not more than $100,000 at each location.

c. Insurance under this Extension for each newly acquired location will end when any of the following first occurs:

   (1) this policy expires;
   (2) 30 days expire after you acquire or begin to construct the property; or
   (3) you report values to us.

We will charge you additional premium for values reported from the date you acquire the property.
This Extension is additional insurance. The Additional Condition, Coinsurance, does not apply to this Extension.

B. EXCLUSIONS

See applicable Causes of Loss Form as shown on the Property Schedule.

C. LIMITS OF INSURANCE

The most we will pay for loss in any one occurrence is the applicable Limit of Insurance shown on the Property Schedule.

The limit applicable to the Coverage Extension is in addition to the Limit of Insurance.

Payments under the following Additional Coverages will not increase the applicable Limit of Insurance:

1. Alterations and New Buildings;
2. Civil Authority;
3. Extended Business Income;
4. Expenses to Reduce Loss.

D. LOSS CONDITIONS

The following conditions apply in addition to the Common Policy Conditions and the Commercial Property Conditions.

1. Appraisal If we and you disagree on the amount of Net Income and operating expense or the amount of loss, either may make written demand for an appraisal of the loss. In this event, each party will select a competent and impartial appraiser.

The two appraisers will select an umpire. If they cannot agree, either may request that selection be made by a judge of a court having jurisdiction. The appraisers will state separately the amount of Net Income and operating expense or amount of loss. If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will be binding. Each party will:

   a. pay its chosen appraiser; and
   b. bear the other expenses of the appraisal and umpire equally.

If there is an appraisal, we will still retain our right to deny the claim.

2. Duties In The Event Of Loss You must see that the following are done in the event of loss:

   a. notify the police if a law may have been broken;
   b. give us prompt notice of the direct physical loss or damage. Include a description of the property involved;
   c. as soon as possible, give us a description of how, when and where the direct physical loss or damage occurred;
   d. take all reasonable steps to protect the Covered Property from further damage by a Covered Cause of Loss. If feasible, set the damaged property aside and in the best possible order for examination. Also keep a record of your expenses for emergency and temporary repairs for consideration in the settlement of the claim. This will not increase the Limit of Insurance;
e. permit us to inspect the property and records proving the loss. Also permit us to take samples of damaged property for inspection, testing and analysis;

f. if requested, permit us to question you under oath at such times as may be reasonably required about any matter relating to this insurance or your claim, including your books and records. In such event, your answers must be signed;

g. send us a signed, sworn statement of loss containing the information we request to investigate the claim. You must do this within 60 days after our request. We will supply you with the necessary forms;

h. cooperate with us in the investigation or settlement of the claim;

i. resume all or part of your “operations” as quickly as possible.

3. Limitation - Electronic Media And Records We will not pay for any loss of Business Income caused by direct physical loss of or damage to Electronic Media and Records after the longer of:

   a. 60 consecutive days from the date of direct physical loss or damage; or

   b. the period, beginning with the date of direct physical loss or damage, necessary to repair, rebuild or replace, with reasonable speed and similar quality, other property at the described premises due to loss or damage caused by the same occurrence.

Electronic Media and Records are:

   (1) electronic data processing, recording or storage media such as films, tapes, discs, drums or cells;

   (2) data stored on such media; or

   (3) programming records used for electronic data processing or electronically controlled equipment.

Example No. 1:

A Covered Cause of Loss damages a computer on June 1. It takes until September 1 to replace the computer, and until October 1 to restore the data that was lost when the damage occurred. We will only pay for the Business Income loss sustained during the period June 1 – September 1. Loss during the period September 2 – October 1 is not covered.

Example No. 2:

A Covered Cause of Loss results in the loss of data processing programming records on August 1. The records are replaced on October 15. We will only pay for the Business Income loss sustained during the period August 1–September 29 (60 consecutive days). Loss during the period September 30–October 15 is not covered.

4. Loss Determination The amount of Business Income loss will be determined based on:

   a. the Net Income of the business before the direct physical loss or damage occurred;

   b. the likely Net Income of the business if no loss or damage occurred;

   c. the operating expenses, including payroll expenses, necessary to resume “operations” with the same quality of service that existed just before the direct physical loss or damage; and
d. other relevant sources of information, including:
   (1) your financial records and accounting procedures;
   (2) bills, invoices and other vouchers; and
   (3) deeds, liens or contracts.

5. Loss Payment  We will pay for covered loss within 30 days after we receive the sworn statement of loss, if:
   a. you have complied with all of the terms of this Coverage part; and
   b. (1) we have reached agreement with you on the amount of loss; or
      (2) an appraisal award has been made.

6. Resumption of Operations  We will reduce the amount of your Business Income loss to the extent you can resume your “operations,” in whole or in part, by using damaged or undamaged property (including merchandise or stock) at the described premises or elsewhere.

E. ADDITIONAL CONDITION

Coinsurance

If a Coinsurance percentage is shown on the Property Schedule, the following condition applies in addition to the Common Policy Conditions and the Commercial Property Conditions.

We will not pay the full amount of any loss if the Limit of Insurance for Business Income is less than:
   a. the Coinsurance percentage shown for Business Income in the Declarations: times
   b. the sum of:
      (1) the Net Income (Net Profit or Loss before income taxes), and
      (2) all operating expenses, including payroll expenses

that would have been earned (had no loss occurred) by your “operations” at the described premises for the 12 months following the inception, or last previous anniversary date, of this policy (whichever is later).

Instead, we will determine the most we will pay using the following steps:

1. multiply the Net Income and operating expense for the 12 months following the inception, or last previous anniversary date, of this policy by the Coinsurance percentage;
2. divide the Limit of Insurance for the described premises by the figure determined in step 1; and
3. multiply the total amount of loss by the figure determined in step 2.

We will pay the amount determined in step 3. or the limit of insurance, whichever is less. For the remainder, you will either have to rely on other insurance or absorb the loss yourself.

Example No. 1 (Underinsurance):

When:  The Net Income and operating expenses for the 12 months following the inception, or last previous anniversary date, of this policy at the described premises would have been $400,000

The Coinsurance percentage is 50%

The Limit of Insurance is $150,000
The amount of loss is $80,000

Step 1: $400,000 * 50% = $200,000 (the minimum amount of insurance to meet your Coinsurance requirements)

Step 2: $150,000 / $200,000 = .75

Step 3: $80,000 * .75 = $60,000

We will pay no more than $60,000. The remaining $20,000 is not covered.

Example No. 2 (Adequate Insurance):

When: The Net Income and operating expenses for the 12 months following the inception, or last previous anniversary date, of this policy at the described premises would have been $400,000

The Coinsurance percentage is 50%

The Limit of Insurance is $200,000

The amount of loss is $80,000

Step 1: $400,000 * 50% = $200,000 (the minimum amount of insurance to meet your Coinsurance requirements)

Step 2: $200,000 / $200,000 = 1.00

Step 3: $80,000 * 1.00 = $80,000

We will cover the $80,000 loss. No penalty applies.

F. OPTIONAL COVERAGES

If shown on the Property Schedule, the following Optional Coverages apply separately to each item.

1. Maximum Period of Indemnity
   a. The Additional Condition, Coinsurance, does not apply to this Coverage Form at the described premises to which this Optional Coverage applies.
   b. The most we will pay for loss of Business Income is the lesser of:
      (1) the amount of loss sustained during the 120 days immediately following the direct physical loss or damage; or
      (2) the Limit of Insurance shown in the Declarations.

2. Monthly Limit of Indemnity
   a. The Additional Condition, Coinsurance, does not apply to this Coverage Form at the described premises to which this Optional Coverage applies.
   b. The most we will pay for loss of Business Income in each period of 30 consecutive days after the direct physical loss or damage is:
      (1) the Limit of Insurance, multiplied by
      (2) the fraction shown in the Declarations for this Optional Coverage.

Example:

When: The Limit of Insurance is $120,000

The fraction shown on the Property Schedule for this Optional Coverage is 1/4
The most we will pay for loss in each period of 30 consecutive days is: $120,000 * 1/4 = $30,000

If, in this example, the actual amount of loss is:

<table>
<thead>
<tr>
<th>Period</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Days 1–30</td>
<td>$40,000</td>
</tr>
<tr>
<td>Days 31–60</td>
<td>20,000</td>
</tr>
<tr>
<td>Days 61–90</td>
<td>30,000</td>
</tr>
<tr>
<td></td>
<td>$90,000</td>
</tr>
</tbody>
</table>

We will pay:

<table>
<thead>
<tr>
<th>Period</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Days 1–30</td>
<td>$30,000</td>
</tr>
<tr>
<td>Days 31–60</td>
<td>20,000</td>
</tr>
<tr>
<td>Days 61–90</td>
<td>30,000</td>
</tr>
<tr>
<td></td>
<td>$80,000</td>
</tr>
</tbody>
</table>

The remaining $10,000 is not covered.

3. Agreed Value

c. To activate this Optional Coverage:

(1) a Business Income Report/ Work Sheet must be made a part of this policy and must show financial data for your “operations:”

(a) during the 12 months prior to the date of the Work Sheet; and

(b) estimated for the 12 months immediately following the inception of this Optional Coverage;

(2) an Agreed Value must be shown on the Property Schedule or on the Work Sheet.

The Agreed Value should be at least equal to:

(a) the Coinsurance percentage shown on the Property Schedule; multiplied by

(b) the amount of Net Income and Operating Expenses for the following 12 months you report on the Work Sheet.

b. The Additional Condition, Coinsurance, is suspended until:

(1) 12 months after the effective date of this Optional Coverage; or

(2) the expiration date of this policy;

whichever occurs first.

c. We will reinstate the Additional Condition, Coinsurance, automatically if you do not submit a new Work Sheet and Agreed Value:

(1) within 12 months of the effective date of this Optional Coverage; or

(2) when you request a change in your Business Income Limit of Insurance.

d. If the Business Income Limit of Insurance is less than the Agreed Value, we will not pay more than the amount of loss multiplied by:

(1) the Business Income Limit of Insurance; divided by

(2) the Agreed Value.

Example:
When: The Limit of Insurance is $100,000
The Agreed Value is $200,000
The amount of loss is $80,000

Step 1: $10,000 / $200,000 = .50
Step 2: .50 * $80,000 = $40,000

We will pay $40,000. The remaining $40,000 is not covered.

4. **Extended Period of Indemnity** Under paragraph A.3.d., Extended Business Income, the number “30” in subparagraph (2)(b) is replaced by the number shown on the Property Schedule for this Optional Coverage.

G. **DEFINITIONS**

1. **“Finished Stock”** means stock you have manufactured.

“Finished stock” also includes whiskey and alcoholic products being aged, unless there is a Coinsurance percentage shown for Business Income on the Property Schedule.

“Finished stock” does not include stock you have manufactured that is held for sale on the premises of any retail outlet insured under this Coverage Part.

2. **“Operations”** means:

   a. your business activities occurring at the described premises, which generate tuition and related fees from students, including fees from room, board, laboratories and other similar sources and

   b. the tenantability of the described premises, if coverage for Business Income including “Rental Value” or “Rental Value” applies.

   “Operations” does not include:

   1) Bookstores;
   2) Athletic events;
   3) Activity related to research grants; or
   4) Business activities other than those which generate tuition and related fees from students.

3. **“Period of Restoration”** means the period of time that:

   a. begins:

      1) 72 hours after the time of direct physical loss or damage for Business Income coverage; or

      2) Immediately after the time of direct physical loss or damage for Extra Expense coverage; and

   caused by or resulting from any Covered Cause of Loss at the described premises; and

   c. ends on the earlier of:

      1) The day before the opening of the next school term following the date when the property at the described premises should be repaired, rebuilt or replaced with reasonable speed and similar quality; or

      2) The date when the school term is resumed at a new permanent location.
“Period of restoration” does not include any increased period required due to the enforcement of any ordinance or law that:

1) regulates the construction, use or repair, or requires the tearing down of any property; or
2) requires any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of “pollutants.”

The expiration date of this policy will not cut short the “period of restoration.”

4. **Pollutants** means any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals and waste. Waste includes materials to be recycled, reconditioned or reclaimed.

5. **Rental Value** means the:
   a. total anticipated rental income from tenant occupancy of the premises described in the Declarations as furnished and equipped by you; and
   b. amount of all charges which are the legal obligation of the tenant(s) and which would otherwise be your obligations; and
   c. fair rental value of any portion of the described premises which is occupied by you.
Endorsement #21

VACANCY ENDORSEMENT

All other Policy coverage and endorsement provisions relating to Vacancy or Unoccupancy are replaced by the following:

a. Description of Terms

(1) As used in this Vacancy Condition, the term building and the term vacant have the meanings set forth in (1) (a) and (1) (b) below:

(a) When this policy is issued to a tenant, and with respect to that tenant's interest in Covered Property, building means the unit or suite rented or leased to the tenant. Such building is vacant when it does not contain enough business personal property to conduct customary operations.

(b) When this policy is issued to the owner or general lessee of a building, building means the entire building. Such building is vacant unless at least 31% of its total square footage is:

(i) Rented to a lessee or sub-lessee and used by the lessee or sub-lessee to conduct its customary operations; and/or

(ii) Used by the building owner to conduct customary operations.

(2) Buildings under construction or renovation are not considered vacant.

b. Vacancy Provisions

If the building where loss or damage occurs has been "vacant" or "unoccupied" for more than 60 consecutive days before that loss or damage occurs:

(1) The SIF will not pay for any loss or damage caused by any of the following even if they are Covered Causes of Loss:

(a) Vandalism;
(b) Sprinkler leakage, unless you have protected the system against freezing;
(c) Building glass breakage;
(d) Water damage;
(e) Theft, even if there is evidence of forcible entry; or
(f) Attempted theft or burglary.

(2) There is no coverage for a scheduled property that is vacant or unoccupied for 60 consecutive days unless the SIF has been notified and an agreed amount of coverage applied to that property, not to exceed salvage value.

c. Definitions

1. "Unoccupied" means the building contains contents that pertain to the occupancy of the building but the operations and activities usual to the occupancy of the building have been suspended. A building that is temporarily unoccupied due to seasonal usage, such as a school building, will not be considered unoccupied for purposes of this endorsement.

2. "Vacant" means the building contains no contents that pertain to the operations or activities customary to the occupancy of the building.
Endorsements #22

OFF PREMISES MAINTENANCE EQUIPMENT ENDORSEMENT

It is understood and agreed that, if an amount for this coverage is listed on the Schedule and a premium paid, that Section I - Property Covered, B - Personal Property of the Insured, is amended as follows:

We will extend coverage for property, outside of the building where it is normally kept and more than 100' from said premises, which is owned by you and is used to maintain or service your buildings, structures, or premises, including but not limited to:

a) Lawnmowers

b) Lawn Tractors

c) Fertilizer supplies and equipment

d) Irrigation equipment

All other terms and conditions of the coverage document remain in effect.
