Transfer of Graduate Credit

Acceptable graduate credit of up to twelve credit hours, earned in a regionally accredited institution in which the student was enrolled in that institution’s graduate school, may be transferred and applied to the requirements for a doctoral degree if approved by the CCN and Graduate School.

Consideration of credit does not guarantee transfer. Evaluation of credit for transfer will not be made until after the student has enrolled in the Graduate School of The University of Alabama. Only post-master's courses can be considered for transfer into the DNP program.

Further information can be found in the UA Graduate Student Catalog.

Orientation

A required new student orientation will be provided online for each cohort prior to the beginning of the first semester.

Campus Tour

The University of Alabama campus has many interesting characteristics with its beautiful landscaping and traditional layout. While as an online student you may not need to visit the campus often, we feel you cannot understand the rich tradition this university holds without taking a look at the campus. We have provided a link to the campus virtual tour for your convenience. Click on the link to take The University of Alabama Campus Tour.
