The meeting was held November 18, 2013 at 2:00 p.m. in 213 AIME.

Committee Members present: Dr. Richard Swatloski, Dr. Whitney Hough, Dr. Robert Morgan, Dr. Steven MacCall, Dr. Carl Pinkert, Dr. Tim Haskew, Mike Spearing, Dr. Dan Daly and Dr. Clark Midkiff

Dr. Swatloski called the meeting to order.

The presentations were given as scheduled; the Committee posed questions and/or voiced its concerns to the presenter.

1. **Presentation by: Nitin Chopra**  
   UAIPD13-0027 “Nanowire Nanoparticle Composite”

   **Decision:** It was motioned and seconded that Dr. Swatloski would submit specific questions to the inventor for clarity of the IP prior to a decision of the Committee. The vote of the Committee was unanimous by a show of hands.

2. **Presentation by: Fei Hu, Ph.D.**  
   UAIPD13-0047 “Automatic, Low-cost Human Activity Detection and Situation Perception Based on Geometric, Binary Fiber-optic Sensor Data Mining Software”

   **Decision:** It was motioned and seconded to postpone the decision. The vote of the Committee was unanimous by a show of hands.

3. **Presentation by: James A. Siders, Ph.D.**  
   UAIPD 13-0043 “Negative Pressure positional support for people with physical disabilities”  
   UAIPD13-0044 “Tiered Bed Positioning”

   **Decision:** It was motioned and seconded for Tech Transfer to work with inventor and develop relationships for continual development of this idea and prototype. The vote of the Committee was unanimous by a show of hands.

4. **Presentation by: Jaber A. Abu-Qahouq, Ph.D**  

   **Decision:** It was motioned and seconded to file a provisional application. The vote of the Committee was unanimous by a show of hands.

Meeting adjourned 3:40 pm.
