Learning Resource Lab

In the CAS Learning Resource Lab (LRL), students can learn through the use of numerous resources:

- computer programs
- multimedia programs
- audio cassettes
- videotapes and digitized video
- other self-paced materials.

Included in the lab are resources on:

- study skills
- language
- math
- biology
- chemistry
- physics
- statistics
- engineering
- entrance exam preparation

Videotaped lectures of many UA courses in math, chemistry, engineering, and statistics are available in the lab.

The CAS Computer Lab is also a part of the LRL.

The ISL is located in 124 Osband Hall and is open Monday-Thursday from 8am to 10pm (9pm during the summer) and Friday from 8am-4:45pm.
