Social Work Library

The Social Work Reading Room is located in Room 200 at Little Hall. The Social Work Librarian, Lynn Tobola, can be e-mailed with questions or requests for appointments. She has created a LibGuide page for students, faculty, staff and alumni. The guide was developed to provide beginning, intermediate and advanced resources for course work, research, practice issues and general information related to the broad scope of social work. Please investigate this resource and know that feedback from you is essential and welcome. If you have suggestions for additional resources, please be in touch through e-mail.
