Proctored Testing

Students enrolled in online or video courses have several options for exam proctoring. Exams may be taken in the Academic Outreach Student Services office on campus, at a two or four year college that has a testing services area or with the ProctorU online testing service. ProctorU does not proctor paper exams. Testing deadlines are provided in the course syllabus of each course. It is the student’s responsibility to schedule tests in accordance with the established deadlines. Additional charges may be incurred for proctoring services depending upon the location/method selected by the student.

On-Campus Proctoring

Students may choose to complete proctored exams in the Academic Outreach office located in room 127 of Martha Parham Hall West on the UA campus. Only students registered for sections 900 or above may use ProctorU. Campus and local students must test in Academic Outreach Student Services or in the designated testing labs. Campus students may also use ProctorU for online exam testing, unless otherwise noted by instructor. Students testing in Academic Outreach, campus labs or with ProctorU do not have to complete a proctor form. Proctor forms must be completed for “Off-Campus” proctoring only.
