Instructions for Accessing the Compliance Certification

Introduction

The University of Alabama presents its SACSCOC Compliance Certification in an electronic format. You will find enclosed a USB flash drive that contains all parts of the Compliance Certification as well as supporting documents. This allows you to access all materials without an Internet connection. Any links to external websites must be accessed with an Internet connection. However, PDFs typically accompany the link.

To access the USB flash drive materials, please:

Insert the USB flash drive into a USB port on your computer. Microsoft Windows users should see a new Windows Explorer window appear on screen showing the USB Flash drive.

If a new window does not appear on screen you will need to open My Computer (in Windows) or Finder (Mac OS). In Windows Explorer the Computer listing should show a “Removable Disk” item in the “Devices and Drives” section. On a Mac computer you should see a new item under Devices titled UASACSCOC.

From there you can navigate the USB flash drive as normal. Locate “Start.html” and double click that file to launch the application.

Institutional Contacts

If you need technical assistance, please contact:

Jason Phillips
Web Resources Integration Analyst Senior
(205) 348-2465 (office)
(205) 866-1828 (cell)
